SECTION 2. Notwithstanding any general or special law to the contrary, within 30 days of enactment, the public fund shall identify all ammunition, firearm or firearm accessory manufacturing or retailing companies in which the fund owns direct or indirect holdings and shall file a list of any such holdings with the attorney general and with the clerks of the senate and the house of representatives.

SECTION 3. Notwithstanding any general or special law to the contrary, it shall be the settled policy of the public fund and of the board of the public fund not to invest in any ammunition, firearm or firearm accessory manufacturing or retailing companies. The public fund shall sell, redeem, divest or withdraw all publicly-traded securities of each company identified pursuant to section 2 of this act within 12 months of enactment. This section shall not apply to indirect holdings in actively managed investment funds; provided, however, that the public fund shall submit letters to the managers of any such investment funds that contain companies

identified pursuant to section 2 of this act, requesting that they remove such companies from the investment fund or create a similar actively managed fund with indirect holdings devoid of such companies.

SECTION 4. Notwithstanding any general or special law to the contrary, with respect to actions taken in compliance with this act, the public fund shall be exempt from any conflicting statutory or common law obligation, including any such obligations with respect to choice of asset managers, investment funds or investments for the public fund's securities portfolios and all good faith determinations regarding ammunition, firearm or firearm accessory manufacturing or retailing companies.

SECTION 5. Notwithstanding any general or special law to the contrary, the public fund shall be permitted to cease divesting from companies identified pursuant to section 2 of this act, to reinvest in companies identified pursuant to section 2 of this act, or to continue to invest in companies pursuant to section 2 of this act from which it has not yet divested upon clear and convincing evidence showing that the value for all assets under management by the public fund becomes equal to or less than 99.5 per cent (50 basis points) of the hypothetical value of all assets under management by the public fund assuming no divestment for any company had occurred under said subsection. Cessation of divestment, reinvestment or any subsequent ongoing investment authorized by this section shall be strictly limited to the minimum steps necessary to avoid the contingency set forth in the preceding sentence.

In advance of any cessation of divestment authorized by this subsection, the public fund shall provide a written report to the attorney general, the senate and house committees on ways and means and the joint committee on public service, updated annually thereafter as applicable, setting forth the reasons and justification, supported by clear and convincing evidence, for its decisions to cease divestment, to reinvest or to remain invested in companies identified pursuant to section 2.

SECTION 6. Present, future and former board members of the public fund, jointly and individually, state officers and employees, and investment managers under contract with the public fund shall be indemnified from the General Fund and held harmless by the Commonwealth from all claims, demands, suits, actions, damages, judgments, costs, charges and expenses, including court costs and attorney's fees, and against all liability, losses, and damages of any nature whatsoever that these present, future, or former board members, officers, employees, or contract investment managers shall or may at any time sustain by reason of any decision to restrict, reduce, or eliminate investments in ammunition, firearm, or firearm accessory manufacturing or retailing companies.

SECTION 7. The public fund shall annually, as applicable, file a report with the attorney general and with the clerks of the senate and the house of representatives, including: (i) all investments sold, redeemed, divested or withdrawn in compliance with this act within the preceding year; and (ii) all investments prohibited by this act from which the public fund has not yet divested.
