Subd. 2a. When prepared. Where there is potential for significant environmental 64.1 effects resulting from any major governmental action, the action shall be preceded by a 64.2 detailed environmental impact statement prepared by the responsible governmental unit. 64.3 The environmental impact statement shall be an analytical rather than an encyclopedic 64.4 document which describes the proposed action in detail, analyzes its significant 64.5 environmental impacts, discusses appropriate alternatives to the proposed action and 64.6 their impacts, and explores methods by which adverse environmental impacts of an 64.7 action could be mitigated. The environmental impact statement shall also analyze those 64 8 economic, employment, and sociological effects that cannot be avoided should the action 64.9 be implemented. To ensure its use in the decision-making process, the environmental 64.10 impact statement shall be prepared as early as practical in the formulation of an action. 64.11

(a) The board shall by rule establish categories of actions for which environmental 64.12 impact statements and for which environmental assessment worksheets shall be prepared 64.13 as well as categories of actions for which no environmental review is required under this 64.14 64.15 section. A mandatory environmental assessment worksheet shall not be required for the expansion of an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph 64.16 (b), or the conversion of an ethanol plant to a biobutanol facility or the expansion of a 64.17 biobutanol facility as defined in section 41A.105 41A.15, subdivision 1a 2d, based on 64.18 the capacity of the expanded or converted facility to produce alcohol fuel, but must be 64.19 required if the ethanol plant or biobutanol facility meets or exceeds thresholds of other 64.20 categories of actions for which environmental assessment worksheets must be prepared. 64.21 The responsible governmental unit for an ethanol plant or biobutanol facility project for 64.22 64.23 which an environmental assessment worksheet is prepared shall be the state agency with the greatest responsibility for supervising or approving the project as a whole. 64.24

A mandatory environmental impact statement shall not be required for a facility 64.25 64.26 or plant located outside the seven-county metropolitan area that produces less than 125,000,000 gallons of ethanol, biobutanol, or cellulosic biofuel annually, or produces less 64.27 than 400,000 tons of chemicals annually, if the facility or plant is: an ethanol plant, as 64.28 defined in section 41A.09, subdivision 2a, paragraph (b); a biobutanol facility, as defined 64.29 in section 41A.105 41A.15, subdivision 1a, clause (1) 2d; or a cellulosic biofuel facility. 64.30 A facility or plant that only uses a cellulosic feedstock to produce chemical products for 64.31 use by another facility as a feedstock shall not be considered a fuel conversion facility as 64.32 used in rules adopted under this chapter. 64.33

(b) The responsible governmental unit shall promptly publish notice of the
completion of an environmental assessment worksheet by publishing the notice in at least
one newspaper of general circulation in the geographic area where the project is proposed,

by posting the notice on a Web site that has been designated as the official publication site 65.1 for publication of proceedings, public notices, and summaries of a political subdivision in 65.2 which the project is proposed, or in any other manner determined by the board and shall 65.3 provide copies of the environmental assessment worksheet to the board and its member 65.4 agencies. Comments on the need for an environmental impact statement may be submitted 65.5 to the responsible governmental unit during a 30-day period following publication of the 65.6 notice that an environmental assessment worksheet has been completed. The responsible 65.7 governmental unit's decision on the need for an environmental impact statement shall be 65.8 based on the environmental assessment worksheet and the comments received during the 65.9 comment period, and shall be made within 15 days after the close of the comment period. 65.10 The board's chair may extend the 15-day period by not more than 15 additional days upon 65.11 the request of the responsible governmental unit. 65.12

(c) An environmental assessment worksheet shall also be prepared for a proposed 65.13 action whenever material evidence accompanying a petition by not less than 100 65.14 65.15 individuals who reside or own property in the state, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates 65.16 that, because of the nature or location of a proposed action, there may be potential for 65.17 significant environmental effects. Petitions requesting the preparation of an environmental 65.18 assessment worksheet shall be submitted to the board. The chair of the board shall 65.19 determine the appropriate responsible governmental unit and forward the petition to it. 65.20 A decision on the need for an environmental assessment worksheet shall be made by 65.21 the responsible governmental unit within 15 days after the petition is received by the 65.22 responsible governmental unit. The board's chair may extend the 15-day period by not 65.23 more than 15 additional days upon request of the responsible governmental unit. 65.24

(d) Except in an environmentally sensitive location where Minnesota Rules, part 65.25 65.26 4410.4300, subpart 29, item B, applies, the proposed action is exempt from environmental review under this chapter and rules of the board, if: 65.27

(1) the proposed action is: 65.28

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or 65.29

(ii) an expansion of an existing animal feedlot facility with a total cumulative 65.30 capacity of less than 1,000 animal units; 65.31

(2) the application for the animal feedlot facility includes a written commitment by 65.32 the proposer to design, construct, and operate the facility in full compliance with Pollution 65.33 Control Agency feedlot rules; and 65.34

(3) the county board holds a public meeting for citizen input at least ten business 65.35 days prior to the Pollution Control Agency or county issuing a feedlot permit for the 65.36

animal feedlot facility unless another public meeting for citizen input has been held with
regard to the feedlot facility to be permitted. The exemption in this paragraph is in
addition to other exemptions provided under other law and rules of the board.

(e) The board may, prior to final approval of a proposed project, require preparation
of an environmental assessment worksheet by a responsible governmental unit selected
by the board for any action where environmental review under this section has not been
specifically provided for by rule or otherwise initiated.

(f) An early and open process shall be utilized to limit the scope of the environmental 66.8 impact statement to a discussion of those impacts, which, because of the nature or location 66.9 of the project, have the potential for significant environmental effects. The same process 66.10 shall be utilized to determine the form, content and level of detail of the statement as well 66.11 as the alternatives which are appropriate for consideration in the statement. In addition, 66.12 the permits which will be required for the proposed action shall be identified during the 66.13 scoping process. Further, the process shall identify those permits for which information 66.14 66.15 will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The 66.16 determinations reached in the process shall be incorporated into the order requiring the 66.17 preparation of an environmental impact statement. 66.18

(g) The responsible governmental unit shall, to the extent practicable, avoid 66.19 duplication and ensure coordination between state and federal environmental review 66.20 and between environmental review and environmental permitting. Whenever practical, 66.21 information needed by a governmental unit for making final decisions on permits 66.22 66.23 or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement. When an environmental 66.24 impact statement is prepared for a project requiring multiple permits for which two or 66.25 more agencies' decision processes include either mandatory or discretionary hearings 66.26 before a hearing officer prior to the agencies' decision on the permit, the agencies 66.27 may, notwithstanding any law or rule to the contrary, conduct the hearings in a single 66.28 consolidated hearing process if requested by the proposer. All agencies having jurisdiction 66.29 over a permit that is included in the consolidated hearing shall participate. The responsible 66.30 governmental unit shall establish appropriate procedures for the consolidated hearing 66.31 process, including procedures to ensure that the consolidated hearing process is consistent 66.32 with the applicable requirements for each permit regarding the rights and duties of parties to 66.33 the hearing, and shall utilize the earliest applicable hearing procedure to initiate the hearing. 66.34

(h) An environmental impact statement shall be prepared and its adequacy
determined within 280 days after notice of its preparation unless the time is extended by

consent of the parties or by the governor for good cause. The responsible governmental
unit shall determine the adequacy of an environmental impact statement, unless within 60
days after notice is published that an environmental impact statement will be prepared,
the board chooses to determine the adequacy of an environmental impact statement. If an
environmental impact statement is found to be inadequate, the responsible governmental
unit shall have 60 days to prepare an adequate environmental impact statement.

(i) The proposer of a specific action may include in the information submitted to the 67.7 responsible governmental unit a preliminary draft environmental impact statement under 67.8 this section on that action for review, modification, and determination of completeness and 67.9 adequacy by the responsible governmental unit. A preliminary draft environmental impact 67.10 statement prepared by the project proposer and submitted to the responsible governmental 67.11 unit shall identify or include as an appendix all studies and other sources of information 67.12 used to substantiate the analysis contained in the preliminary draft environmental impact 67.13 statement. The responsible governmental unit shall require additional studies, if needed, 67.14 67.15 and obtain from the project proposer all additional studies and information necessary for the responsible governmental unit to perform its responsibility to review, modify, and 67.16 determine the completeness and adequacy of the environmental impact statement. 67.17

83.1	Sec. 7. [86B.841] TRANSFER-ON-DEATH TITLE TO WATERCRAFT.
83.2	Subdivision 1. Titled as transfer-on-death. A natural person who is the owner of a
83.3	watercraft may have the watercraft titled in transfer-on-death or TOD form by including in
83.4	the application for the certificate of title a designation of a beneficiary or beneficiaries to
83.5	whom the watercraft must be transferred on death of the owner or the last survivor of joint
83.6	owners with rights of survivorship, subject to the rights of secured parties.
83.7	Subd. 2. Designation of beneficiary. A watercraft is registered in transfer-on-death
83.8	form by designating on the certificate of title the name of the owner and the names
83.9	of joint owners with identification of rights of survivorship, followed by the words
83.10	"transfer-on-death to (name of beneficiary or beneficiaries)." The designation "TOD" may
83.11	be used instead of "transfer-on-death." A title in transfer-on-death form is not required
83.12	to be supported by consideration, and the certificate of title in which the designation
83.13	is made is not required to be delivered to the beneficiary or beneficiaries in order for
83.14	the designation to be effective.
83.15	Subd. 3. Interest of beneficiary. The transfer-on-death beneficiary or beneficiaries
83.16	have no interest in the watercraft until the death of the owner or the last survivor of joint
83.17	owners with rights of survivorship. A beneficiary designation may be changed at any time
83.18	by the owner or by all joint owners with rights of survivorship, without the consent of the
83.19	beneficiary or beneficiaries, by filing an application for a new certificate of title.
83.20	Subd. 4. Vesting of ownership in beneficiary. Ownership of a watercraft titled in
83.21	transfer-on-death form vests in the designated beneficiary or beneficiaries on the death of
83.22	the owner or the last of the joint owners with rights of survivorship, subject to the rights of
83.23	secured parties. The transfer-on-death beneficiary or beneficiaries who survive the owner
83.24	may apply for a new certificate of title to the watercraft upon submitting a certified death
83.25	record of the owner of the watercraft. If no transfer-on-death beneficiary or beneficiaries
83.26	survive the owner of a watercraft, the watercraft must be included in the probate estate
83.27	of the deceased owner. A transfer of a watercraft to a transfer-on-death beneficiary or
83.28	beneficiaries is not a testamentary transfer.
83.29	Subd. 5. Rights of creditors. (a) This section does not limit the rights of any
83.30	secured party or creditor of the owner of a watercraft against a transfer-on-death
83.31	beneficiary or beneficiaries.
83.32	(b) The state or a county agency with a claim or lien authorized by section 246.53,
83.33	256B.15, 261.04, or 270C.63, is a creditor for purposes of this subdivision. A claim
83.34	or lien under those sections continues to apply against the designated beneficiary or
83.35	beneficiaries after the transfer under this section if other assets of the deceased owner's
83.36	estate are insufficient to pay the amount of the claim. The claim or lien continues to apply

Sec. 9. Minnesota Statutes 2014, section 216B.2424, subdivision 5a, is amended to read:
Subd. 5a. Reduction of biomass mandate. (a) Notwithstanding subdivision 5, the
biomass electric energy mandate must be reduced from 125 megawatts to 110 megawatts.
(b) The Public Utilities Commission shall approve a request pending before the

163.10 commission as of May 15, 2003, for amendments to and assignment of a power purchase agreement with the owner of a facility that uses short-rotation, woody crops as its primary 163.11 fuel previously approved to satisfy a portion of the biomass mandate if the owner of 163.12 the project agrees to reduce the size of its project from 50 megawatts to 35 megawatts, 163.13 while maintaining an average price for energy in nominal dollars measured over the term 163.14 163.15 of the power purchase agreement at or below \$104 per megawatt-hour, exclusive of any price adjustments that may take effect subsequent to commission approval of the power 163.16 purchase agreement, as amended. The commission shall also approve, as necessary, any 163.17 163.18 subsequent assignment or sale of the power purchase agreement or ownership of the project to an entity owned or controlled, directly or indirectly, by two municipal utilities 163.19 located north of Constitutional Route No. 8, as described in section 161.114, which 163.20 currently own electric and steam generation facilities using coal as a fuel and which 163.21 propose to retrofit their existing municipal electrical generating facilities to utilize biomass 163.22 fuels in order to perform the power purchase agreement. 163.23

(c) If the power purchase agreement described in paragraph (b) is assigned to an entity that is, or becomes, owned or controlled, directly or indirectly, by two municipal entities as described in paragraph (b), and the power purchase agreement meets the price requirements of paragraph (b), the commission shall approve any amendments to the power purchase agreement necessary to reflect the changes in project location and ownership and any other amendments made necessary by those changes. The commission shall also specifically find that:

(1) the power purchase agreement complies with and fully satisfies the provisions ofthis section to the full extent of its 35-megawatt capacity;

(2) all costs incurred by the public utility and all amounts to be paid by the public
utility to the project owner under the terms of the power purchase agreement are fully
recoverable pursuant to section 216B.1645;

(3) subject to prudency review by the commission, the public utility may recover
from its Minnesota retail customers the amounts that may be incurred and paid by the
public utility during the full term of the power purchase agreement; and

164.4 (4) if the purchase power agreement meets the requirements of this subdivision,164.5 it is reasonable and in the public interest.

(d) The commission shall specifically approve recovery by the public utility of 164.6 any and all Minnesota jurisdictional costs incurred by the public utility to improve, 164.7 construct, install, or upgrade transmission, distribution, or other electrical facilities owned 164.8 by the public utility or other persons in order to permit interconnection of the retrofitted 164.9 biomass-fueled generating facilities or to obtain transmission service for the energy 164.10 provided by the facilities to the public utility pursuant to section 216B.1645, and shall 164.11 164.12 disapprove any provision in the power purchase agreement that requires the developer or owner of the project to pay the jurisdictional costs or that permit the public utility to 164.13 terminate the power purchase agreement as a result of the existence of those costs or the 164.14 164.15 public utility's obligation to pay any or all of those costs.

(e) Upon request by the project owner, the public utility shall agree to amend the 164.16 power purchase agreement described in paragraph (b) and approved by the commission 164.17 as required by paragraph (c). The amendment must be negotiated and executed within 164.18 45 days of May 14, 2013, and must apply to prices paid after January 1, 2014. The 164.19 average price for energy in nominal dollars measured over the term of the power purchase 164.20 agreement must not exceed \$109.20 per megawatt hour. The public utility shall request 164.21 approval of the amendment by the commission within 30 days of execution of the 164.22 164.23 amended power purchase agreement. The amendment is not effective until approval by the commission. The commission shall act on the amendment within 90 days of 164.24 submission of the request by the public utility. Upon approval of the amended power 164.25 164.26 purchase agreement, the commission shall allow the public utility to recover the costs of the amended power purchase agreement, as provided in section 216B.1645. 164.27

(f) With respect to the power purchase agreement described in paragraph (b), and 164.28 amended and approved by the commission pursuant to paragraphs (c) and (e), upon 164.29 request by the project owner, the public utility shall agree to amend the power purchase 164.30 agreement to include a fuel cost adjustment clause which requires the public utility to 164.31 reimburse the project owner monthly for all costs incurred by the project owner during 164.32 the applicable month to procure and transport all fuel used to produce energy for delivery 164.33 to the public utility pursuant to the power purchase agreement to the extent such costs 164.34 exceeded \$3.40 per million metric British thermal unit (MMBTU), in addition to the price 164.35 to be paid for the energy produced and delivered by the project owner. Reimbursable 164.36

costs include but are not limited to: (1) all costs incurred to load fuel at its source; (2) 165.1 165.2 costs to transport fuel (i) to the biomass-fueled generating facilities or to an intermediate woodyard, storage facility, or handling facility, or (ii) from a facility to the biomass-fueled 165.3 generating facilities; (3) depreciation of any depreciable loading, woodyard, storage, 165.4 handling, or transportation equipment whether the vehicle or equipment is located at the 165.5 fuel source, a woodyard, storage facility, handling facility, or at the generating facilities; 165.6 and (4) costs to unload fuel at the generating facilities. Beginning with 2014, at the end of 165.7 each calendar year of the term of the power purchase agreement, the project owner shall 165.8 calculate the amount by which actual fuel costs for the year exceeded \$3.40 per MMBTU, 165.9 and prior monthly payment for such fuel costs shall be reconciled against actual fuel costs 165.10 for the applicable calendar year. If such prior monthly fuel payments for the year in the 165.11 165.12 aggregate exceed the amount due based on the annual calculation, the project owner shall credit the public utility for the excess paid. If the annual calculation of fuel costs due 165.13 exceeds the prior monthly fuel payments for the year in the aggregate, the project owner 165.14 165.15 shall be entitled to be paid for the deficiency with the next invoice to the public utility. The amendment shall be negotiated and executed within 45 days of May 13, 2013, and 165.16 shall be effective for fuel costs incurred and prices after January 1, 2014. The public 165.17 utility shall request approval of the amendment by the commission, and the commission 165.18 shall approve the amendment as reasonable and in the public interest and allow the public 165.19 utility to recover from its Minnesota retail customers the amounts paid by the public utility 165.20 to the project owner pursuant to the power purchase agreement during the full term of 165.21 the power purchase agreement, including the reimbursement of fuel costs pursuant to the 165.22 165.23 power purchase agreement amendment, reimbursable costs as provided in this paragraph, pursuant to section 216B.1645, or otherwise. 165.24

(g) With respect to the power purchase agreement described in paragraph (b) and 165.25 165.26 approved by the commission pursuant to paragraphs (c) and (e), the public utility is prohibited from recovering from the project owner any costs which were not actually and 165.27 reasonably incurred by the utility, notwithstanding any provision in the power purchase 165.28 agreement to the contrary. In addition, beginning with 2012, the public utility shall pay for 165.29 all energy delivered by the project owner pursuant to the power purchase agreement at 165.30 the full price for such energy in the power purchase agreement approved and amended 165.31 pursuant to paragraph (e), provided that the project owner does not deliver more than 165.32 110 percent of the amount scheduled for delivery in any year of the power purchase 165.33 agreement, and does not deliver, on average over any five consecutive years of the power 165.34 purchase agreement, an amount greater than 105 percent of the amount scheduled for 165.35 delivery over the five-year period. 165.36

Sec. 12. Minnesota Statutes 2014, section 16B.33, subdivision 3, is amended to read: 178.3 Subd. 3. Agencies must request designer. (a) Application. Upon undertaking a 178.4 project with an estimated cost greater than \$2,000,000 \$10,000,000 or a planning project 178.5 with estimated fees greater than \$200,000 \$1,000,000, every user agency, except the 178.6 Capitol Area Architectural and Planning Board, shall submit a written request for a 178.7 primary designer for its project to the commissioner, who shall forward the request to the 178.8 board. The University of Minnesota and the Minnesota State Colleges and Universities 178.9 shall follow the process in subdivision 3a to select designers for their projects. The written 178.10 request must include a description of the project, the estimated cost of completing the 178.11 project, a description of any special requirements or unique features of the proposed 178.12 project, and other information which will assist the board in carrying out its duties and 178.13 178.14 responsibilities set forth in this section.

(b) Reactivated project. If a project for which a designer has been selected by the
board becomes inactive, lapses, or changes as a result of project phasing, insufficient
appropriations, or other reasons, the commissioner, the Minnesota State Colleges and
Universities, or the University of Minnesota may, if the project is reactivated, retain
the same designer to complete the project.

(c) Fee limit reached after designer selected. If a project initially estimated to
be below the cost and planning fee limits of this subdivision has its cost or planning
fees revised so that the limits are exceeded, the project must be referred to the board for
designer selection even if a primary designer has already been selected. In this event, the
board may, without conducting interviews, elect to retain the previously selected designer
if it determines that the interests of the state are best served by that decision and shall
notify the commissioner of its determination.

Sec. 13. Minnesota Statutes 2014, section 16B.33, subdivision 4, is amended to read: 178.27 Subd. 4. Designer selection process. (a) Publicity. Upon receipt of a request 178.28 from a user agency for a primary designer, the board shall publicize the proposed 178.29 project in order to determine the identity of designers interested in the design work on 178.30 the project. The board shall establish criteria for the selection process and make this 178.31 information public, and shall compile data on and conduct interviews of designers. The 178.32 board's selection criteria must include consideration of the geographic proximity of each 178.33 interested designer's primary place of business to the location of the project and each 178.34

interested designer's performance on previous projects for the state or any other person. 179.1 179.2 Upon completing the process, the board shall select the primary designer and shall state its reasons in writing. If the board's vote for the selection of a primary designer results in a tie 179.3 vote, the nonvoting member appointed under subdivision 2, paragraph (b), must vote for 179.4 the selection of the primary designer. Notification to the commissioner of the selection 179.5 shall be made not more than 60 days after receipt from a user agency of a request for a 179.6 primary designer. The commissioner shall promptly notify the designer and the user 179.7 agency. discussion, or selection of a designer or firm in which the member has a financial interest.

(c) Selection by commissioner. In the event the board receives a request for a

214.6 Sec. 6. [168A.125] TRANSFER-ON-DEATH TITLE TO MOTOR VEHICLE.

Subdivision 1. Titled as transfer-on-death. A natural person who is the owner of 214.7 214.8 a motor vehicle may have the motor vehicle titled in transfer-on-death or TOD form by including in the application for the certificate of title a designation of a beneficiary or 214.9 beneficiaries to whom the motor vehicle must be transferred on death of the owner or the last 214.10 214.11 survivor of joint owners with rights of survivorship, subject to the rights of secured parties. Subd. 2. Designation of beneficiary. A motor vehicle is registered in 214.12 transfer-on-death form by designating on the certificate of title the name of the owner 214.13 and the names of joint owners with identification of rights of survivorship, followed by 214.14 the words "transfer-on-death to (name of beneficiary or beneficiaries)." The designation 214.15 "TOD" may be used instead of "transfer-on-death." A title in transfer-on-death form is 214.16 not required to be supported by consideration, and the certificate of title in which the 214.17 214.18 designation is made is not required to be delivered to the beneficiary or beneficiaries in order for the designation to be effective. If the owner of the motor vehicle is married at 214.19 the time of the designation, the designation of a beneficiary other than the owner's spouse 214.20 requires the spouse's written consent. 214.21 Subd. 3. Interest of beneficiary. The transfer-on-death beneficiary or beneficiaries 214.22 have no interest in the motor vehicle until the death of the owner or the last survivor of 214.23 joint owners with rights of survivorship. A beneficiary designation may be changed at any 214.24 time by the owner or by all joint owners with rights of survivorship, without the consent of 214.25 the beneficiary or beneficiaries, by filing an application for a new certificate of title. 214.26 Subd. 4. Vesting of ownership in beneficiary. Ownership of a motor vehicle titled 214.27 in transfer-on-death form vests in the designated beneficiary or beneficiaries on the death 214.28 214.29 of the owner or the last of the joint owners with rights of survivorship, subject to the rights of secured parties. The transfer-on-death beneficiary or beneficiaries who survive 214.30

- the owner may apply for a new certificate of title to the motor vehicle upon submitting
- 214.32 a certified death record of the owner of the motor vehicle. If no transfer-on-death
- 214.33 beneficiary or beneficiaries survive the owner of a motor vehicle, the motor vehicle must
- 214.34 be included in the probate estate of the deceased owner. A transfer of a motor vehicle to a
- 214.35 transfer-on-death beneficiary or beneficiaries is not a testamentary transfer.

215.1	Subd. 5. Rights of creditors. (a) This section does not limit the rights of any
215.2	secured party or creditor of the owner of a motor vehicle against a transfer-on-death
215.3	beneficiary or beneficiaries.
215.4	(b) The state or a county agency with a claim or lien authorized by section 246.53,
215.5	256B.15, 261.04, or 270C.63, is a creditor for purposes of this subdivision. A claim
215.6	or lien under those sections continues to apply against the designated beneficiary or
215.7	beneficiaries after the transfer under this section if other assets of the deceased owner's
215.8	estate are insufficient to pay the amount of the claim. The claim or lien continues to
215.9	apply to the motor vehicle until the designated beneficiary sells or transfers it to a person
215.10	against whom the claim or lien does not apply and who did not have actual notice or
215.11	knowledge of the claim or lien.
215.12	Sec. 7. Minnesota Statutes 2014, section 168A.29, subdivision 1, is amended to read:
215.13	Subdivision 1. Amounts. (a) The department must be paid the following fees:

254.7	commissioner by January 30 of the fiscal year prior to the fiscal year in which the program
254.8	will be implemented. The application must include:
254.9	(1) a description of the proposed program, including the number of hours per week
254.10	the program will be offered at each school site or mixed-delivery location;
254.11	(2) an estimate of the number of eligible children to be served in the program at each

254.17	by March 1 of the fiscal year in which the applications are received and determine whether
254.18	each application meets the requirements of paragraph (a).
254.19	(c) The commissioner must divide all applications for new or expanded programs
254.20	meeting the requirements of paragraph (a) into four groups as follows: the Minneapolis and
254.21	St. Paul school districts; other school districts located in the metropolitan equity region as
254.22	defined in section 126C.10, subdivision 28; school districts located in the rural equity region
254.23	as defined in section 126C.10, subdivision 28; and charter schools. Within each group, the
254.24	applications must be ordered by rank using a sliding scale based on the following criteria:
254.25	(1) concentration of kindergarten students eligible for free or reduced-price lunches
254.26	by school site on October 1 of the previous school year. For school district programs to be
254.27	operated at locations that do not have free and reduced-price lunch concentration data for
254.28	kindergarten programs for October 1 of the previous school year, including mixed-delivery
254.29	programs, the school district average concentration of kindergarten students eligible for
254.30	free or reduced-price lunches must be used for the rank ordering;
254.31	(2) presence or absence of a three- or four-star Parent Aware rated program within
254.32	the school district or close proximity of the district. School sites with the highest
254.33	concentration of kindergarten students eligible for free or reduced-price lunches that
254.34	do not have a three- or four-star Parent Aware program within the district or close
254.35	proximity of the district shall receive the highest priority, and school sites with the lowest

concentration of kindergarten students eligible for free or reduced-price lunches that have 254.36

255.1 a three- or four-star Parent Aware rated program within the district or close proximity of 255.2 the district shall receive the lowest priority. If a tie exists in the rank order of applications under this paragraph, the commissioner must give priority among the tied applications to 255.3 255.4 the applicant with the highest proportion of prekindergarten classroom teachers with an early childhood license issued by the Board of Teaching. 255.5 (d) The aid available for the program as specified in subdivision 6, paragraph (b), 255.6 must initially be allocated among the four groups based on each group's percentage share 255.7 of the statewide kindergarten enrollment on October 1 of the previous school year. Within 255.8 each group, the available aid must be allocated among school sites in priority order until 255.9 that region's share of the aid limit is reached. If the aid limit is not reached for all groups, 255.10 the remaining amount must be allocated to the highest priority school sites, as designated 255.11 under this section, not funded in the initial allocation on a statewide basis. 255.12 (e) Once a school site is approved for aid under this subdivision, it shall remain 255.13 eligible for aid if it continues to meet program requirements, regardless of changes in the 255.14 255.15 concentration of students eligible for free or reduced-price lunches. (f) If the total aid entitlement approved based on applications submitted under 255.16 paragraph (a) is less than the aid entitlement limit under subdivision 6, paragraph (b), 255.17 the commissioner must notify all school districts and charter schools of the amount that 255.18 remains available within 30 days of the initial application deadline under paragraph (a), 255.19 255.20 and complete a second round of allocations based on applications received within 60 days of the initial application deadline. 255.21 (g) Procedures for approving applications submitted under paragraph (f) shall be the 255.22 255.23 same as specified in paragraphs (a) to (d), except that the allocations shall be made to the highest priority school sites not funded in the initial allocation on a statewide basis. 255.24 Subd. 6. Program and aid entitlement limits. (a) Notwithstanding section 255.25 126C.05, subdivision 1, paragraph (d), the pupil units for a voluntary prekindergarten 255.26 program for an eligible school district or charter school must not exceed 60 percent of the 255.27 kindergarten pupil units for that school district or charter school under section 126C.05, 255.28 subdivision 1, paragraph (e). 255.29 (b) In reviewing applications under subdivision 5, the commissioner must limit the 255.30 estimated state aid entitlement approved under this section to \$27,092,000 for fiscal year 255.31 2017, \$33,095,000 for fiscal year 2018, and \$40,203,000 for fiscal year 2019 and later. If 255.32 the actual state aid entitlement based on final data exceeds the limit in any year, the aid of 255.33 the participating districts must be prorated so as not to exceed the limit. 255.34 EFFECTIVE DATE. This section is effective for revenue in fiscal year 2017 and 255.35

Sec. 11. Minnesota Statutes 2014, section 120B.35, is amended to read:

Subdivision 1. School and Student indicators of growth and achievement.

268.2 **120B.35 STUDENT ACADEMIC ACHIEVEMENT AND GROWTH.**

The commissioner must develop and implement a system for measuring and reporting 268.4 academic achievement and individual student growth, consistent with the statewide 268.5 educational accountability and reporting system. The system components must measure 268.6 and separately report the adequate yearly progress of schools and the growth of individual 268.7 students: students' current achievement in schools under subdivision 2; and individual 268.8 students' educational growth over time under subdivision 3. The system also must include 268.9 statewide measures of student academic growth that identify schools with high levels 268.10 of growth, and also schools with low levels of growth that need improvement. When 268.11 determining a school's effect, The data must include both statewide measures of student 268.12 achievement and, to the extent annual tests are administered, indicators of achievement 268.13 growth that take into account a student's prior achievement. Indicators of achievement and 268.14 prior achievement must be based on highly reliable statewide or districtwide summative, 268.15 268.16 interim, or formative assessments. Indicators that take into account a student's prior 268.17 achievement must not be used to disregard a school's low achievement or to exclude a school from a program to improve low achievement levels. 268.18

268.19 Subd. 2. Federal Expectations for student academic achievement. (a) Each school year, a school district must determine if the student achievement levels at each 268.20 school site meet federal expectations. If student achievement levels at a school site do 268.21 not meet federal expectations and the site has not made adequate yearly progress for two 268.22 consecutive school years, beginning with the 2001-2002 school year, the district must 268.23 work with the school site to adopt a plan to raise student achievement levels to meet 268.24 federal expectations. The commissioner of education shall establish student academic 268.25 achievement levels to comply with this paragraph. 268.26

(b) School sites identified as not meeting federal expectations must develop
continuous improvement plans in order to meet federal expectations for student academic
achievement. The department, at a district's request, must assist the district and the school
site sites in developing a plan to improve student achievement. The plan must include
parental involvement components.

268.32 (c) The commissioner must:

(1) assist school sites and districts identified as not meeting federal expectations; and
(2) provide technical assistance to schools that integrate student achievement
measures into the school continuous improvement plan.

(d) The commissioner shall establish and maintain a continuous improvement Web
site designed to make <u>aggregated and disaggregated student growth and, under section</u>
<u>120B.11, subdivision 2, clause (2), student learning and outcome data on every school</u>
and district available to parents, teachers, administrators, community members, and the
general public, consistent with this section.

Subd. 3. State growth target; other state measures. (a) The state's educational assessment system measuring individual students' educational growth is based on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide summative, interim, or formative assessments.

(b) The commissioner, in consultation with a stakeholder group that includes 269.11 assessment and evaluation directors, district staff, experts in culturally responsive teaching, 269.12 and researchers, must implement a model that uses a value-added growth indicator and 269.13 includes criteria for identifying schools and school districts that demonstrate medium and 269.14 269.15 high growth under section 120B.299, subdivisions 8 and 9, and may recommend other value-added measures under section 120B.299, subdivision 3. The model may be used 269.16 to advance educators' professional development and replicate programs that succeed in 269.17 meeting students' diverse learning needs. Data on individual teachers generated under the 269.18 model are personnel data under section 13.43. The model must allow users to: 269.19

269.20 (1) report student growth consistent with this paragraph; and

- (2) for all student categories, report and compare aggregated and disaggregated state 269.21 student growth and, under section 120B.11, subdivision 2, clause (2), student learning 269.22 269.23 and outcome data using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively, 269.24 following appropriate reporting practices to protect nonpublic student data Elementary 269.25 and Secondary Education Act, as most recently reauthorized, and, in addition to the Karen 269.26 community, other student categories as determined by the total Minnesota population 269.27 at or above the 1,000-person threshold based on the most recent decennial census, 269.28 including ethnicity; race; refugee status; English language learners under section 124D.59; 269.29 home language; free or reduced-price lunch; immigrant; and all students enrolled in a 269.30 269.31 Minnesota public school who are currently or were previously in foster care, except that such disaggregation and cross tabulation is not required if the number of students in a 269.32 category is insufficient to yield statistically reliable information or the results would reveal 269.33 personally identifiable information about an individual student. 269.34 The commissioner must report measures of student growth and, under section 269.35
- 269.36 120B.11, subdivision 2, clause (2), student learning and outcome data, consistent with

this paragraph, including the English language development, academic progress, and oral
academic development of English learners and their native language development if the
native language is used as a language of instruction, and include data on all pupils enrolled
in a Minnesota public school course or program who are currently or were previously

270.5 <u>counted as an English learner under section 124D.59</u>.

(c) When reporting student performance under section 120B.36, subdivision 1, the
commissioner annually, beginning July 1, 2011, must report two core measures indicating
the extent to which current high school graduates are being prepared for postsecondary
academic and career opportunities:

(1) a preparation measure indicating the number and percentage of high school
graduates in the most recent school year who completed course work important to
preparing them for postsecondary academic and career opportunities, consistent with
the core academic subjects required for admission to Minnesota's public colleges and
universities as determined by the Office of Higher Education under chapter 136A; and

(2) a rigorous coursework measure indicating the number and percentage of high
school graduates in the most recent school year who successfully completed one or more
college-level advanced placement, international baccalaureate, postsecondary enrollment
options including concurrent enrollment, other rigorous courses of study under section
120B.021, subdivision 1a, or industry certification courses or programs.

When reporting the core measures under clauses (1) and (2), the commissioner must also analyze and report separate categories of information using the nine student categories identified under the federal 2001 No Child Left Behind Act and two student gender categories of male and female, respectively, following appropriate reporting practices

270.24 to protect nonpublic student data. Elementary and Secondary Education Act, as most

270.25 recently reauthorized, and, in addition to the Karen community, other student categories

as determined by the total Minnesota population at or above the 1,000-person threshold

270.27 based on the most recent decennial census, including ethnicity; race; refugee status;

270.28 English language learners under section 124D.59; home language; free or reduced-price

270.29 <u>lunch; immigrant; and all students enrolled in a Minnesota public school who are currently</u>

270.30 or were previously enrolled in foster care, except that such disaggregation and cross

270.31 tabulation is not required if the number of students in a category is insufficient to yield

270.32 statistically reliable information or the results would reveal personally identifiable

270.33 information about an individual student.

(d) When reporting student performance under section 120B.36, subdivision 1, the
commissioner annually, beginning July 1, 2014, must report summary data on school
safety and students' engagement and connection at school. <u>The commissioner must</u>

also analyze and report separate categories of information using the student categories 271.1 identified under the federal Elementary and Secondary Education Act, as most recently 271.2 reauthorized, and, in addition to the Karen community, other student categories as 271.3 determined by the total Minnesota population at or above the 1,000-person threshold based 271.4 on the most recent decennial census, including ethnicity; race; English language learners 271.5 under section 124D.59; home language; free or reduced-price lunch; immigrant; refugee 271.6 status; and all students enrolled in a Minnesota public school who are currently or were 271.7 previously enrolled in foster care, except that such disaggregation and cross tabulation 271.8 is not required if the number of students in a category is insufficient to yield statistically 271.9 reliable information or the results would reveal personally identifiable information about 271.10 an individual student. The summary data under this paragraph are separate from and 271.11 271.12 must not be used for any purpose related to measuring or evaluating the performance of classroom teachers. The commissioner, in consultation with qualified experts on 271.13 student engagement and connection and classroom teachers, must identify highly reliable 271.14 271.15 variables that generate summary data under this paragraph. The summary data may be used at school, district, and state levels only. Any data on individuals received, collected, 271.16 or created that are used to generate the summary data under this paragraph are nonpublic 271.17 data under section 13.02, subdivision 9. 271.18

(e) For purposes of statewide educational accountability, the commissioner must
identify and report measures that demonstrate the success of learning year program
providers under sections 123A.05 and 124D.68, among other such providers, in improving
students' graduation outcomes. The commissioner, beginning July 1, 2015, must annually
report summary data on:

271.24 (1) the four- and six-year graduation rates of students under this paragraph;

(2) the percent of students under this paragraph whose progress and performance
levels are meeting career and college readiness benchmarks under section 120B.30,

307.19	whether by voluntary action of the charter school's board of directors, nonrenewal
307.20	or termination of the charter contract by the authorizer, or termination of the charter
307.21	contract by the commissioner, the board of directors shall appoint a school closure trustee,

The trustee must be independent and have no material interest adverse to the school. 308.3 308.4 (d) The trustee shall have the responsibility to activate and execute the closure plan for the charter school outlined in the school's charter contract, including the transfer 308.5 of student records required by subdivision 6, and the reporting of financial and student 308.6 data to the department necessary for the release of final aid payments under section 308.7 124E.25, subdivision 1, paragraph (b). Upon the appointment of the trustee, the trustee 308.8 308.9 must approve all school expenditures before payment and shall be a required signatory on all school accounts and payments made by the school. The trustee has the authority 308.10 to void and seek reimbursement of any and all extraordinary payments of the school 308.11 308.12 to individuals, contractors, or corporations made within 90 business days of the final decision to close. If during the closure process it is determined by the charter school's 308.13 board of directors or the authorizer that the trustee is not performing the closure duties in 308.14 308.15 an efficient and effective manner, the authorizer may appoint a new trustee. (e) The trustee shall be entitled to immunity provided by common law for acts or 308.16 omissions within the scope of the trustee's appointment. The fund shall be financed by a per capita pupil fee paid by all charter schools. Until the fund reaches a cap of \$200,000, the per capita pupil fee shall be \$1 per 308.24 pupil annually. Upon the fund reaching the \$200,000 cap, the annual per capita pupil fee 308.25 308.26 shall equal the per pupil amount needed to maintain the fund at \$200,000. The Department of Education shall have the power to deduct the annual fee from a charter school aid 308.27 payment in the month of February based on the number of pupils enrolled in charter 308.28 schools on October 1 of the previous year, and transfer the funding to the charter school 308.29 closure fund.  368.25 time unless it finds that:

368.26 (1) parenting time is likely to endanger the child's physical or emotional health or368.27 impair the child's emotional development; or

368.28 (2) the parent has chronically and unreasonably failed to comply with court-ordered368.29 parenting time.

A modification of parenting time which increases a parent's percentage of parenting time to an amount that is between 45.1 to 54.9 percent parenting time is not a restriction of the other parent's parenting time.

368.33 (e) (d) If a parent makes specific allegations that parenting time by the other
 368.34 parent places the parent or child in danger of harm, the court shall hold a hearing at
 368.35 the earliest possible time to determine the need to modify the order granting parenting

time. Consistent with subdivision 1a, the court may require a third party, including the
local social services agency, to supervise the parenting time or may restrict a parent's
parenting time if necessary to protect the other parent or child from harm. If there is an
existing order for protection governing the parties, the court shall consider the use of an
independent, neutral exchange location for parenting time.

Sec. 30. Minnesota Statutes 2015 Supplement, section 518A.26, subdivision 14, 369.7 is amended to read: 369.8 Subd. 14. Obligor. "Obligor" means a person obligated to pay maintenance or 369.9 support. For purposes of ordering medical support under section 518A.41, a parent who 369.10 369.11 has primary physical custody of a child may be an obligor subject to a payment agreement under section 518A.69. If a parent has more than 55 percent court-ordered parenting 369.12 time, there is a rebuttable presumption that the parent has a zero dollar basic support 369.13 obligation. A party seeking to overcome this presumption must show, and the court must 369.14 consider, the following: 369.15 (1) a significant income disparity, which may include potential income determined 369.16 under section 518A.32; 369.17 (2) the benefit and detriment to the child and the ability of each parent to meet 369.18 the needs of the child; and 369.19 (3) whether the application of the presumption would have an unjust or inappropriate 369.20 result. 369.21 The presumption of a zero dollar basic support obligation does not eliminate a parent's 369.22 obligation to pay child support arrears under section 518A.60. The presumption of a 369.23 zero dollar basic support obligation does not apply to an action under section 256.87, 369.24 369.25 subdivision 1 or 1a. **EFFECTIVE DATE.** This section is effective August 1, 2018. 369.26 Sec. 31. Minnesota Statutes 2014, section 518A.34, is amended to read: 369.27

- 369.28 **518A.34 COMPUTATION OF CHILD SUPPORT OBLIGATIONS.**
- 369.29 (a) To determine the presumptive child support obligation of a parent, the court shall369.30 follow the procedure set forth in this section.
- 369.31 (b) To determine the obligor's basic support obligation, the court shall:
- 369.32 (1) determine the gross income of each parent under section 518A.29;

(2) calculate the parental income for determining child support (PICS) of each 370.1 370.2 parent, by subtracting from the gross income the credit, if any, for each parent's nonjoint children under section 518A.33; 370.3 (3) determine the percentage contribution of each parent to the combined PICS by 370.4 dividing the combined PICS into each parent's PICS; 370.5 (4) determine the combined basic support obligation by application of the guidelines 370.6 in section 518A.35; 370.7 (5) determine the obligor's each parent's share of the combined basic support 370.8 obligation by multiplying the percentage figure from clause (3) by the combined basic 370.9 support obligation in clause (4); and 370.10 (6) determine the parenting expense adjustment, if any, as apply the parenting 370.11 expense adjustment formula provided in section 518A.36, and adjust the obligor's basic 370.12 support obligation accordingly to determine the obligor's basic support obligation. If the 370.13 parenting time of the parties is presumed equal, section 518A.36, subdivision 3, applies 370.14 370.15 to the calculation of the basic support obligation and a determination of which parent is the obligor. 370.16 (c) If the parents have split custody of joint children, child support must be 370.17 370.18 calculated for each joint child as follows: (1) the court shall determine each parent's basic support obligation under paragraph 370.19 370.20 (b) and include the amount of each parent's obligation in the court order. If the basic support calculation results in each parent owing support to the other, the court shall offset 370.21 the higher basic support obligation with the lower basic support obligation to determine 370.22 370.23 the amount to be paid by the parent with the higher obligation to the parent with the 370.24 lower obligation. For the purpose of the cost-of-living adjustment required under section 518A.75, the adjustment must be based on each parent's basic support obligation prior to 370.25 370.26 offset. For the purposes of this paragraph, "split custody" means that there are two or more joint children and each parent has at least one joint child more than 50 percent of the time; 370.27 (2) if each parent pays all child care expenses for at least one joint child, the court 370.28 shall calculate child care support for each joint child as provided in section 518A.40. The 370.29 court shall determine each parent's child care support obligation and include the amount of 370.30 each parent's obligation in the court order. If the child care support calculation results in 370.31 each parent owing support to the other, the court shall offset the higher child care support 370.32 obligation with the lower child care support obligation to determine the amount to be paid 370.33 by the parent with the higher obligation to the parent with the lower obligation; and 370.34 (3) if each parent pays all medical or dental insurance expenses for at least one 370.35 joint child, medical support shall be calculated for each joint child as provided in section 370.36

518A.41. The court shall determine each parent's medical support obligation and include
the amount of each parent's obligation in the court order. If the medical support calculation
results in each parent owing support to the other, the court shall offset the higher medical

371.4 support obligation with the lower medical support obligation to determine the amount to

- be paid by the parent with the higher obligation to the parent with the lower obligation.
- 371.6 Unreimbursed and uninsured medical expenses are not included in the presumptive amount
- of support owed by a parent and are calculated and collected as provided in section 518A.41.

371.8 (d) The court shall determine the child care support obligation for the obligor 371.9 as provided in section 518A.40.

371.10 (d) (e) The court shall determine the medical support obligation for each parent as
 371.11 provided in section 518A.41. Unreimbursed and uninsured medical expenses are not
 371.12 included in the presumptive amount of support owed by a parent and are calculated and
 371.13 collected as described in section 518A.41.

371.14 (e) (f) The court shall determine each parent's total child support obligation by
 adding together each parent's basic support, child care support, and health care coverage
 obligations as provided in this section.

 $\begin{array}{ll} 371.17 & (f) (g) \text{ If Social Security benefits or veterans' benefits are received by one parent as a} \\ 371.18 & representative payee for a joint child based on the other parent's eligibility, the court shall \\ 371.19 & subtract the amount of benefits from the other parent's net child support obligation, if any. \\ 371.20 & (g) (h) \text{ The final child support order shall separately designate the amount owed for} \\ 371.21 & basic support, child care support, and medical support. If applicable, the court shall use \\ \end{array}$

the self-support adjustment and minimum support adjustment under section 518A.42 todetermine the obligor's child support obligation.

371.24

EFFECTIVE DATE. This section is effective August 1, 2018.

Sec. 32. Minnesota Statutes 2014, section 518A.35, subdivision 1, is amended to read:
Subdivision 1. Determination of support obligation. (a) The guideline in this
section is a rebuttable presumption and shall be used in any judicial or administrative
proceeding to establish or modify a support obligation under this chapter.

(b) The basic child support obligation shall be determined by referencing the
guideline for the appropriate number of joint children and the combined parental income
for determining child support of the parents.

(c) If a child is not in the custody of either parent and a support order is sought against
one or both parents, the basic child support obligation shall be determined by referencing
the guideline for the appropriate number of joint children, and the parent's individual
parental income for determining child support, not the combined parental incomes for

determining child support of the parents. <u>Unless a parent has court-ordered parenting time</u>,
the parenting expense adjustment formula under section 518A.34 must not be applied.

- (d) If a child is in custody of either parent and a support order is sought by the public
 authority under section 256.87, unless the parent against whom the support order is sought
 has court-ordered parenting time, the support obligation must be determined by referencing
 the guideline for the appropriate number of joint children and the parent's individual income
 without application of the parenting expense adjustment formula under section 518A.34.
- 372.8 (e) For combined parental incomes for determining child support exceeding \$15,000 372.9 per month, the presumed basic child support obligations shall be as for parents with 372.10 combined parental income for determining child support of \$15,000 per month. A basic 372.11 child support obligation in excess of this level may be demonstrated for those reasons set 372.12 forth in section 518A.43.
- 372.13

EFFECTIVE DATE. This section is effective August 1, 2018.

372.14 Sec. 33. Minnesota Statutes 2014, section 518A.36, is amended to read:

372.15

518A.36 PARENTING EXPENSE ADJUSTMENT.

Subdivision 1. General. (a) The parenting expense adjustment under this section 372.16 reflects the presumption that while exercising parenting time, a parent is responsible 372.17 for and incurs costs of caring for the child, including, but not limited to, food, clothing, 372.18 transportation, recreation, and household expenses. Every child support order shall specify 372.19 372.20 the percentage of parenting time granted to or presumed for each parent. For purposes of this section, the percentage of parenting time means the percentage of time a child is 372.21 scheduled to spend with the parent during a calendar year according to a court order 372.22 averaged over a two-year period. Parenting time includes time with the child whether it is 372.23 designated as visitation, physical custody, or parenting time. The percentage of parenting 372.24 time may be determined by calculating the number of overnights or overnight equivalents 372.25 that a child parent spends with a parent, or child pursuant to a court order. For purposes of 372.26 this section, overnight equivalents are calculated by using a method other than overnights 372.27 372.28 if the parent has significant time periods on separate days where the child is in the parent's physical custody and under the direct care of the parent but does not stay overnight. The 372.29 court may consider the age of the child in determining whether a child is with a parent 372.30 for a significant period of time. 372.31

372.32 (b) If there is not a court order awarding parenting time, the court shall determine 372.33 the child support award without consideration of the parenting expense adjustment. If a

373.1	parenting time order is subsequently issued or is issued in the same proceeding, then the		
373.2	child support order shall include application of the parenting expense adjustment.		
373.3	Subd. 2. Calculation of parenting expense adjustment. (a) For the purposes of		
373.4	this section, the following terms have the meanings given:		
373.5	(1) "parent A" means the parent with whom the child or children will spend the least		
373.6	number of overnights under the court order; and		
373.7	(2) "parent B" means the parent with whom the child or children will spend the		
373.8	greatest number of overnights under the court order.		
373.9	The obligor is entitled to a parenting expense adjustment calculated as provided in		
373.10	this subdivision. (b) The court shall apply the following formula to determine which		
373.11	parent is the obligor and calculate the basic support obligation:		
373.12	(1) find the adjustment percentage corresponding to the percentage of parenting		
373.13	time allowed to the obligor below:		
373.14	Percentage Range of Adjustment		
373.15	Parenting Time Percentage		
373.16	(i) less than 10 percent no adjustment		
373.17	(ii) 10 percent to 45 percent 12 percent		
373.18	(iii) 45.1 percent to 50 percent presume parenting time is equal		
373.19	(2) multiply the adjustment percentage by the obligor's basic child support obligation		
373.20	to arrive at the parenting expense adjustment; and		
373.21	(3) subtract the parenting expense adjustment from the obligor's basic child support		
373.22	obligation. The result is the obligor's basic support obligation after parenting expense		
373.23	adjustment.		
373.24	(1) raise to the power of three the approximate number of annual overnights the child		
373.25	or children will likely spend with parent A;		
373.26	(2) raise to the power of three the approximate number of annual overnights the child		
373.27	or children will likely spend with parent B;		
373.28	(3) multiply the result of clause (1) times parent B's share of the combined basic		
373.29	support obligation as determined in section 518A.34, paragraph (b), clause (5);		
373.30	(4) multiply the result of clause (2) times parent A's share of the combined basic		
373.31	support obligation as determined in section 518A.34, paragraph (b), clause (5);		
373.32	(5) subtract the result of clause (4) from the result of clause (3); and		
373.33	(6) divide the result of clause (5) by the sum of clauses (1) and (2).		
373.34	(c) If the result is a negative number, parent A is the obligor, the negative number		
373.35	becomes its positive equivalent, and the result is the basic support obligation. If the result		
373.36	is a positive number, parent B is the obligor and the result is the basic support obligation.		

Subd. 3. Calculation of basic support when parenting time presumed is equal. 374.1 (a) If the parenting time is equal and the parental incomes for determining child support of 374.2 the parents also are equal, no basic support shall be paid unless the court determines that 374.3 the expenses for the child are not equally shared. 374.4

(b) If the parenting time is equal but the parents' parental incomes for determining 374.5 child support are not equal, the parent having the greater parental income for determining 374.6 child support shall be obligated for basic child support, calculated as follows: 374.7

- (1) multiply the combined basic support calculated under section 518A.34 by 0.75; 374.8
- (2) prorate the amount under clause (1) between the parents based on each parent's 374.9 proportionate share of the combined PICS; and
- 374.10
- (3) subtract the lower amount from the higher amount. 374.11
- The resulting figure is the obligation after parenting expense adjustment for the 374.12

parent with the greater parental income for determining child support. 374.13

EFFECTIVE DATE. This section is effective August 1, 2018. 374.14

Sec. 34. Minnesota Statutes 2015 Supplement, section 518A.39, subdivision 2, is 374.15 amended to read: 374.16

Subd. 2. Modification. (a) The terms of an order respecting maintenance or support 374.17 may be modified upon a showing of one or more of the following, any of which makes 374.18 the terms unreasonable and unfair: (1) substantially increased or decreased gross income 374.19 of an obligor or obligee; (2) substantially increased or decreased need of an obligor or 374.20 obligee or the child or children that are the subject of these proceedings; (3) receipt of 374.21 assistance under the AFDC program formerly codified under sections 256.72 to 256.87 374.22 or 256B.01 to 256B.40, or chapter 256J or 256K; (4) a change in the cost of living for 374.23 either party as measured by the Federal Bureau of Labor Statistics; (5) extraordinary 374.24 medical expenses of the child not provided for under section 518A.41; (6) a change in 374.25 the availability of appropriate health care coverage or a substantial increase or decrease 374.26 in health care coverage costs; (7) the addition of work-related or education-related child 374.27 care expenses of the obligee or a substantial increase or decrease in existing work-related 374.28 or education-related child care expenses; or (8) upon the emancipation of the child, as 374.29 provided in subdivision 5. 374.30

(b) It is presumed that there has been a substantial change in circumstances under 374.31 paragraph (a) and the terms of a current support order shall be rebuttably presumed to be 374.32 unreasonable and unfair if: 374.33

(1) the application of the child support guidelines in section 518A.35, to the current 374.34 374.35 circumstances of the parties results in a calculated court order that is at least 20 percent

and at least \$75 per month higher or lower than the current support order or, if the current 375.1 support order is less than \$75, it results in a calculated court order that is at least 20 375.2 percent per month higher or lower; 375.3 (2) the medical support provisions of the order established under section 518A.41 375.4 are not enforceable by the public authority or the obligee; 375.5 (3) health coverage ordered under section 518A.41 is not available to the child for 375.6 whom the order is established by the parent ordered to provide; 375.7 (4) the existing support obligation is in the form of a statement of percentage and not 375.8 a specific dollar amount; 375.9 (5) the gross income of an obligor or obligee has decreased by at least 20 percent 375.10 through no fault or choice of the party; or 375.11 (6) a deviation was granted based on the factor in section 518A.43, subdivision 1, 375.12 clause (4), and the child no longer resides in a foreign country or the factor is otherwise no 375.13 longer applicable. 375.14 375.15 (c) A child support order is not presumptively modifiable solely because an obligor or obligee becomes responsible for the support of an additional nonjoint child, which is 375.16 born after an existing order. Section 518A.33 shall be considered if other grounds are 375.17 alleged which allow a modification of support. 375.18 (d) If child support was established by applying a parenting expense adjustment 375.19 or presumed equal parenting time calculation under previously existing child support 375.20 guidelines and there is no parenting plan or order from which overnights or overnight 375.21 equivalents can be determined, there is a rebuttable presumption that the established 375.22 375.23 adjustment or calculation will continue after modification so long as the modification is not based on a change in parenting time. In determining an obligation under previously 375.24 existing child support guidelines, it is presumed that the court shall: 375.25 375.26 (1) if a 12 percent parenting expense adjustment was applied, multiply the obligor's share of the combined basic support obligation calculated under section 518A.34, 375.27 paragraph (b), clause (5), by .88; or 375.28 (2) if the parenting time was presumed equal but the parents' parental incomes for 375.29 determining child support were not equal: 375.30 (i) multiply the combined basic support obligation under section 518A.34, paragraph 375.31 (b), clause (5), by .075; 375.32 (ii) prorate the amount under item (i) between the parents based on each parent's 375.33 proportionate share of the combined PICS; and 375.34 (iii) subtract the lower amount from the higher amount. 375.35

(e) On a motion for modification of maintenance, including a motion for the
extension of the duration of a maintenance award, the court shall apply, in addition to all
other relevant factors, the factors for an award of maintenance under section 518.552 that
exist at the time of the motion. On a motion for modification of support, the court:
(1) shall apply section 518A.35, and shall not consider the financial circumstances of
each party's spouse, if any; and

CKM

376.7 (2) shall not consider compensation received by a party for employment in excess of
a 40-hour work week, provided that the party demonstrates, and the court finds, that:

(i) the excess employment began after entry of the existing support order;

376.10 (ii) the excess employment is voluntary and not a condition of employment;

(iii) the excess employment is in the nature of additional, part-time employment, orovertime employment compensable by the hour or fractions of an hour;

376.13 (iv) the party's compensation structure has not been changed for the purpose of376.14 affecting a support or maintenance obligation;

376.15 (v) in the case of an obligor, current child support payments are at least equal to the 376.16 guidelines amount based on income not excluded under this clause; and

(vi) in the case of an obligor who is in arrears in child support payments to the
obligee, any net income from excess employment must be used to pay the arrearages
until the arrearages are paid in full.

(e) (f) A modification of support or maintenance, including interest that accrued 376.20 pursuant to section 548.091, may be made retroactive only with respect to any period 376.21 during which the petitioning party has pending a motion for modification but only from 376.22 376.23 the date of service of notice of the motion on the responding party and on the public authority if public assistance is being furnished or the county attorney is the attorney of 376.24 record, unless the court adopts an alternative effective date under paragraph (l). The 376.25 376.26 court's adoption of an alternative effective date under paragraph (1) shall not be considered a retroactive modification of maintenance or support. 376.27

(f) (g) Except for an award of the right of occupancy of the homestead, provided 376.28 in section 518.63, all divisions of real and personal property provided by section 518.58 376.29 shall be final, and may be revoked or modified only where the court finds the existence 376.30 of conditions that justify reopening a judgment under the laws of this state, including 376.31 motions under section 518.145, subdivision 2. The court may impose a lien or charge on 376.32 the divided property at any time while the property, or subsequently acquired property, is 376.33 owned by the parties or either of them, for the payment of maintenance or support money, 376.34 or may sequester the property as is provided by section 518A.71. 376.35

- (g) (h) The court need not hold an evidentiary hearing on a motion for modification 377.1 of maintenance or support. 377.2
- (h) (i) Sections 518.14 and 518A.735 shall govern the award of attorney fees for 377.3 motions brought under this subdivision. 377.4
- (i) (j) Except as expressly provided, an enactment, amendment, or repeal of law does 377.5 not constitute a substantial change in the circumstances for purposes of modifying a 377.6 child support order. 377.7
- (j) MS 2006 [Expired] 377.8
- (k) On the first modification under the income shares method of ealculation 377.9
- following implementation of amended child support guidelines, the modification of 377.10
- basic support may be limited if the amount of the full variance would create hardship 377.11
- for either the obligor or the obligee. Hardship includes, but is not limited to, eligibility 377.12
- for assistance under chapter 256J. 377.13
- (1) The court may select an alternative effective date for a maintenance or support 377.14 377.15 order if the parties enter into a binding agreement for an alternative effective date.
- 377.16
 - **EFFECTIVE DATE.** This section is effective August 1, 2018.
- Sec. 35. Minnesota Statutes 2014, section 609.3241, is amended to read: 377.17

609.3241 PENALTY ASSESSMENT AUTHORIZED. 377.18

(a) When a court sentences an adult convicted of violating section 609.322 or 377.19 377.20 609.324, while acting other than as a prostitute, the court shall impose an assessment of not less than \$500 and not more than \$750 for a violation of section 609.324, subdivision 377.21 2, or a misdemeanor violation of section 609.324, subdivision 3; otherwise the court shall 377.22 impose an assessment of not less than \$750 and not more than \$1,000. The assessment 377.23 shall be distributed as provided in paragraph (c) and is in addition to the surcharge 377.24 required by section 357.021, subdivision 6. 377.25

(b) The court may not waive payment of the minimum assessment required by 377.26 this section. If the defendant qualifies for the services of a public defender or the court 377.27 377.28 finds on the record that the convicted person is indigent or that immediate payment of 377.29 the assessment would create undue hardship for the convicted person or that person's immediate family, the court may reduce the amount of the minimum assessment to not 377.30 less than \$100. The court also may authorize payment of the assessment in installments. 377.31 (c) The assessment collected under paragraph (a) must be distributed as follows: 377.32

(1) 40 percent of the assessment shall be forwarded to the political subdivision that 377.33 employs the arresting officer for use in enforcement, training, and education activities 377.34

378.1 related to combating sexual exploitation of youth, or if the arresting officer is an employee
378.2 of the state, this portion shall be forwarded to the commissioner of public safety for those
378.3 purposes identified in clause (3);

378.4 (2) 20 percent of the assessment shall be forwarded to the prosecuting agency that
 handled the case for use in training and education activities relating to combating sexual
 exploitation activities of youth; and

(3) 40 percent of the assessment must be forwarded to the commissioner of public
safety health to be deposited in the safe harbor for youth account in the special revenue
fund and are appropriated to the commissioner for distribution to crime victims services
organizations that provide services to sexually exploited youth, as defined in section
260C.007, subdivision 31.

378.12 (d) A safe harbor for youth account is established as a special account in the state378.13 treasury.

378.14 Sec. 36. Minnesota Statutes 2015 Supplement, section 626.556, subdivision 2, is 378.15 amended to read:

378.16 Subd. 2. **Definitions.** As used in this section, the following terms have the meanings 378.17 given them unless the specific content indicates otherwise:

378.18 (a) "Accidental" means a sudden, not reasonably foreseeable, and unexpected378.19 occurrence or event which:

378.20 (1) is not likely to occur and could not have been prevented by exercise of due378.21 care; and

378.22 (2) if occurring while a child is receiving services from a facility, happens when the
facility and the employee or person providing services in the facility are in compliance
with the laws and rules relevant to the occurrence or event.

378.25 (b) "Commissioner" means the commissioner of human services.

378.26 (c) "Facility" means:

(1) a licensed or unlicensed day care facility, residential facility, agency, hospital,
sanitarium, or other facility or institution required to be licensed under sections 144.50 to

398.32 (b) Entities meeting program standards set out in rules governing family community
 support services as defined in section 245.4871, subdivision 17, are eligible for medical

assistance reimbursement for case management services for children with severe
emotional disturbance when these services meet the program standards in Minnesota
Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

(c) Medical assistance and MinnesotaCare payment for mental health case
management shall be made on a monthly basis. In order to receive payment for an eligible
child, the provider must document at least a face-to-face contact with the child, the child's
parents, or the child's legal representative. To receive payment for an eligible adult, the
provider must document:

399.9 (1) at least a face-to-face contact with the adult or the adult's legal representative <u>or a</u>
 399.10 <u>contact by interactive video that meets the requirements of subdivision 20b;</u> or

399.11 (2) at least a telephone contact with the adult or the adult's legal representative
and document a face-to-face contact <u>or a contact by interactive video that meets the</u>
requirements of subdivision 20b with the adult or the adult's legal representative within
the preceding two months.

399.15 (d) Payment for mental health case management provided by county or state staff
399.16 shall be based on the monthly rate methodology under section 256B.094, subdivision 6,
399.17 paragraph (b), with separate rates calculated for child welfare and mental health, and
399.18 within mental health, separate rates for children and adults.

(e) Payment for mental health case management provided by Indian health services
or by agencies operated by Indian tribes may be made according to this section or other
relevant federally approved rate setting methodology.

(f) Payment for mental health case management provided by vendors who contract 399.22 399.23 with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same 399.24 service to other payers. If the service is provided by a team of contracted vendors, the 399.25 county or tribe may negotiate a team rate with a vendor who is a member of the team. The 399.26 team shall determine how to distribute the rate among its members. No reimbursement 399.27 received by contracted vendors shall be returned to the county or tribe, except to reimburse 399.28 the county or tribe for advance funding provided by the county or tribe to the vendor. 399.29

(g) If the service is provided by a team which includes contracted vendors, tribal
staff, and county or state staff, the costs for county or state staff participation in the team
shall be included in the rate for county-provided services. In this case, the contracted
vendor, the tribal agency, and the county may each receive separate payment for services
provided by each entity in the same month. In order to prevent duplication of services,
each entity must document, in the recipient's file, the need for team case management and
a description of the roles of the team members.

(h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs
for mental health case management shall be provided by the recipient's county of
responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal
funds or funds used to match other federal funds. If the service is provided by a tribal
agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this
service is paid by the state without a federal share through fee-for-service, 50 percent of
the cost shall be provided by the recipient's county of responsibility.

(i) Notwithstanding any administrative rule to the contrary, prepaid medical
assistance, general assistance medical care, and MinnesotaCare include mental health case
management. When the service is provided through prepaid capitation, the nonfederal
share is paid by the state and the county pays no share.

(j) The commissioner may suspend, reduce, or terminate the reimbursement to a
provider that does not meet the reporting or other requirements of this section. The county
of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal
agency, is responsible for any federal disallowances. The county or tribe may share this
responsibility with its contracted vendors.

(k) The commissioner shall set aside a portion of the federal funds earned for county
expenditures under this section to repay the special revenue maximization account under
section 256.01, subdivision 2, paragraph (o). The repayment is limited to:

400.20 (1) the costs of developing and implementing this section; and

400.21 (2) programming the information systems.

(1) Payments to counties and tribal agencies for case management expenditures
under this section shall only be made from federal earnings from services provided
under this section. When this service is paid by the state without a federal share through
fee-for-service, 50 percent of the cost shall be provided by the state. Payments to
county-contracted vendors shall include the federal earnings, the state share, and the
county share.

400.28 (m) Case management services under this subdivision do not include therapy,400.29 treatment, legal, or outreach services.

(n) If the recipient is a resident of a nursing facility, intermediate care facility, or
hospital, and the recipient's institutional care is paid by medical assistance, payment for
case management services under this subdivision is limited to the lesser of:

400.33 (1) the last 180 days of the recipient's residency in that facility and may not exceed400.34 more than six months in a calendar year; or

400.35 (2) the limits and conditions which apply to federal Medicaid funding for this service.

Oral health 474.15 assessments are limited to once per patient per year and must be conducted in a community 474.16 setting. The provider performing the assessment must document that a formal arrangement 474.17 with a licensed dentist for patient referral and follow-up is in place and is being utilized. 474.18 474.19 The patient referral and follow-up arrangement must allow patients receiving an assessment under this subdivision to receive follow-up services in a timely manner and establish an 474.20 ongoing relationship with a dental provider that is available to serve as the patient's dental 474.21 474.22 home. If the commissioner determines from an analysis of claims or other information that the referral and follow-up arrangement is not reasonably effective in ensuring that 474.23 patients receive follow-up services, the commissioner may disqualify the treating provider 474.24 474.25 or the pay-to provider from receiving payment for assessments under this subdivision.

474.26 Sec. 34. Minnesota Statutes 2015 Supplement, section 256B.0625, subdivision 17a, 474.27 is amended to read:

Subd. 17a. Payment for ambulance services. (a) Medical assistance covers
ambulance services. Providers shall bill ambulance services according to Medicare

for services rendered on or after July 1, 2001, medical assistance payments for ambulance
services shall be paid at the Medicare reimbursement rate or at the medical assistance
payment rate in effect on July 1, 2000, whichever is greater.

475.1	(b) Effective for services provided on or after July 1, 2016, medical assistance
475.2	payment rates for ambulance services identified in this paragraph are increased by five
475.3	percent. Capitation payments made to managed care plans and county-based purchasing
475.4	plans for ambulance services provided on or after January 1, 2017, shall be increased to
475.5	reflect this rate increase, and shall require the plans to pass on the full amount of the increase
475.6	in the form of higher reimbursement rates to the ambulance service providers identified
475.7	in this paragraph. The increased rate described in this paragraph applies to ambulance
475.8	service providers whose base of operations as defined in section 144E.10 is located:
475.9	(1) outside the metropolitan counties listed in section 473.121, subdivision 4, and
475.10	outside the cities of Duluth, Mankato, Moorhead, St. Cloud, and Rochester; or
475.11	(2) within a municipality with a population of less than 1,000.

475.12 Sec. 35. Minnesota Statutes 2014, section 256B.0625, subdivision 30, is amended to 475.13 read:

Subd. 30. Other clinic services. (a) Medical assistance covers rural health clinic 475.14 services, federally qualified health center services, nonprofit community health clinic 475.15 services, and public health clinic services. Rural health clinic services and federally 475.16 qualified health center services mean services defined in United States Code, title 42, 475.17 section 1396d(a)(2)(B) and (C). Payment for rural health clinic and federally qualified 475.18 health center services shall be made according to applicable federal law and regulation. 475.19 (b) A federally qualified health center that is beginning initial operation shall submit 475.20 an estimate of budgeted costs and visits for the initial reporting period in the form and 475.21 475.22 detail required by the commissioner. A federally qualified health center that is already in operation shall submit an initial report using actual costs and visits for the initial reporting 475.23 period. Within 90 days of the end of its reporting period, a federally qualified health 475.24 475.25 center shall submit, in the form and detail required by the commissioner, a report of its operations, including allowable costs actually incurred for the period and the actual 475.26 number of visits for services furnished during the period, and other information required 475.27 by the commissioner. Federally qualified health centers that file Medicare cost reports 475.28 shall provide the commissioner with a copy of the most recent Medicare cost report filed 475.29 with the Medicare program intermediary for the reporting year which support the costs 475.30 claimed on their cost report to the state. 475.31

(c) In order to continue cost-based payment under the medical assistance program
according to paragraphs (a) and (b), a federally qualified health center or rural health clinic
must apply for designation as an essential community provider within six months of final
adoption of rules by the Department of Health according to section 62Q.19, subdivision

7. For those federally qualified health centers and rural health clinics that have applied 476.1 for essential community provider status within the six-month time prescribed, medical 476.2 assistance payments will continue to be made according to paragraphs (a) and (b) for the 476.3 first three years after application. For federally qualified health centers and rural health 476.4 clinics that either do not apply within the time specified above or who have had essential 476.5 community provider status for three years, medical assistance payments for health services 476.6 provided by these entities shall be according to the same rates and conditions applicable 476.7 to the same service provided by health care providers that are not federally qualified 476.8 health centers or rural health clinics. 476.9

(d) Effective July 1, 1999, the provisions of paragraph (c) requiring a federally
qualified health center or a rural health clinic to make application for an essential
community provider designation in order to have cost-based payments made according
to paragraphs (a) and (b) no longer apply.

476.14 (e) Effective January 1, 2000, payments made according to paragraphs (a) and (b)
476.15 shall be limited to the cost phase-out schedule of the Balanced Budget Act of 1997.

(f) Effective January 1, 2001, each federally qualified health center and rural health
clinic may elect to be paid either under the prospective payment system established
in United States Code, title 42, section 1396a(aa), or under an alternative payment
methodology consistent with the requirements of United States Code, title 42, section
1396a(aa), and approved by the Centers for Medicare and Medicaid Services. The
alternative payment methodology shall be 100 percent of cost as determined according to
Medicare cost principles.

476.32 low-income clients based on current poverty income guidelines and family size; and
476.33 (6) does not restrict access or services because of a client's financial limitations or

476.34 public assistance status and provides no-cost care as needed.

(h) Effective for services provided on or after January 1, 2015, all claims for
payment of clinic services provided by federally qualified health centers and rural health

477.1 clinics shall be paid by the commissioner. The commissioner shall determine the most477.2 feasible method for paying claims from the following options:

477.3 (1) federally qualified health centers and rural health clinics submit claims directly
477.4 to the commissioner for payment, and the commissioner provides claims information for
477.5 recipients enrolled in a managed care or county-based purchasing plan to the plan, on
477.6 a regular basis; or

477.7 (2) federally qualified health centers and rural health clinics submit claims for
477.8 recipients enrolled in a managed care or county-based purchasing plan to the plan, and
477.9 those claims are submitted by the plan to the commissioner for payment to the clinic.

(i) For clinic services provided prior to January 1, 2015, the commissioner shall 477.10 calculate and pay monthly the proposed managed care supplemental payments to clinics, 477.11 and clinics shall conduct a timely review of the payment calculation data in order to 477.12 finalize all supplemental payments in accordance with federal law. Any issues arising 477.13 from a clinic's review must be reported to the commissioner by January 1, 2017. Upon 477.14 477.15 final agreement between the commissioner and a clinic on issues identified under this subdivision, and in accordance with United States Code, title 42, section 1396a(bb), no 477.16 supplemental payments for managed care plan or county-based purchasing plan claims 477.17 for services provided prior to January 1, 2015, shall be made after June 30, 2017. If the 477.18 commissioner and clinics are unable to resolve issues under this subdivision, the parties 477.19 shall submit the dispute to the arbitration process under section 14.57. 477.20

(j) The commissioner shall seek a federal waiver, authorized under section 1115 477.21 of the Social Security Act, in order to obtain federal financial participation at the 100 477.22 percent federal matching percentage available to facilities of the Indian Health Service 477.23 or tribal organization in accordance with section 1905(b) of the Social Security Act for 477.24 expenditures made to organizations dually certified under Title V of the Indian Health 477.25 Care Improvement Act, PL-437, and as a federally qualified health center under paragraph 477.26 (a) that provides services to American Indian and Alaskan Native individuals eligible for 477.27 services under this subdivision. 477.28

477.29 Sec. 36. Minnesota Statutes 2015 Supplement, section 256B.0625, subdivision 31,
477.30 is amended to read:

Subd. 31. Medical supplies and equipment. (a) Medical assistance covers medical
supplies and equipment. Separate payment outside of the facility's payment rate shall
be made for wheelchairs and wheelchair accessories for recipients who are residents
of intermediate care facilities for the developmentally disabled. Reimbursement for
wheelchairs and wheelchair accessories for ICF/DD recipients shall be subject to the same

478.1 conditions and limitations as coverage for recipients who do not reside in institutions. A
478.2 wheelchair purchased outside of the facility's payment rate is the property of the recipient.

478.3 (b) Vendors of durable medical equipment, prosthetics, or thotics, or medical supplies
478.4 must enroll as a Medicare provider.

(c) When necessary to ensure access to durable medical equipment, prosthetics,
orthotics, or medical supplies, the commissioner may exempt a vendor from the Medicare
enrollment requirement if:

478.8 (1) the vendor supplies only one type of durable medical equipment, prosthetic,
478.9 orthotic, or medical supply;

478.10

(2) the vendor serves ten or fewer medical assistance recipients per year;

478.11 (3) the commissioner finds that other vendors are not available to provide same or478.12 similar durable medical equipment, prosthetics, orthotics, or medical supplies; and

(4) the vendor complies with all screening requirements in this chapter and Code of
Federal Regulations, title 42, part 455. The commissioner may also exempt a vendor from
the Medicare enrollment requirement if the vendor is accredited by a Centers for Medicare
and Medicaid Services approved national accreditation organization as complying with
the Medicare program's supplier and quality standards and the vendor serves primarily
pediatric patients.

478.19 (d) Durable medical equipment means a device or equipment that:

tablet will be used as an augmentative and alternative communication system as defined
under subdivision 31a, paragraph (a). To be covered by medical assistance, the device
must be locked in order to prevent use not related to communication.

(f) Notwithstanding the requirement in paragraph (e) that an electronic tablet must be locked to prevent use not as an augmentative communication device, a recipient of waiver services may use an electronic tablet for a use not related to communication when the recipient has been authorized under the waiver to receive one or more additional applications that can be loaded onto the electronic tablet, such that allowing the additional use prevents the purchase of a separate electronic tablet with waiver funds.

478.34 (g) Allergen-reducing products provided according to subdivision 65, paragraph (b),
 478.35 clause (3), shall be considered durable medical equipment.

479.1 EFFECTIVE DATE. This section is effective upon federal approval, but not before

Subdivision 1. Policy and applicability. (a) It is the policy of this state that
individuals or couples, either or both of whom participate in the medical assistance

this state. The following provisions apply:

(1) subdivisions 1c to 1k shall not apply to claims arising under this section whichare presented under section 525.313;

(2) the provisions of subdivisions 1c to 1k expanding the interests included in an

express or implied liens in favor of any other parties not named in these provisions;

(3) the continuation of a recipient's life estate or joint tenancy interest in real

505.3	consultation with the commissioners of health and commerce, and the executive director
505.4	of MNsure, shall seek the necessary federal waiver authority from the United States
505.5	Department of Health and Human Services to design and operate a seamless and

505.23	(3) innovative reforms to promote cost neutrality and sustainability, including
505.24	prospective and outcome-based payment for collaborative organizations and primary
505.25	care providers.
505.26	(c) In developing this federal waiver request, the commissioner shall coordinate with
505.27	the appropriate state agencies and consult with stakeholder groups and consumers. The
505.28	commissioner shall work with the commissioner of health for the purpose of analyzing the
505.29	differences in the utilization of services and provider payment rates across markets. The
505.30	commissioner may prioritize through separate waiver submissions the proposals described
505.31	in paragraph (b) and subdivisions 3, 4, and 5 to the extent necessary to ensure conformity
505.32	with the federal waiver application requirements.
505.33	(d) The commissioner is authorized to seek any available waivers or federal
505.34	approvals to accomplish the goals and proposals under this section prior to January 1, 2018.

506.8	have otherwise received if they obtained qualified health plan coverage through MNsure.
506.9	(b) The commissioner shall notify the chairs and ranking minority members of the
506.10	legislative committees with jurisdiction over health care finances when federal approval is
506.11	obtained for this proposal.
506.12	(c) Upon federal approval, the commissioner is authorized to accept and expend

507.12	(c) The public option shall include, at a minimum, the following:

567.34 Sec. 35. [148.9871] EXPIRATION AND RENEWAL.

567

568.1	Subdivision 1. Registration expiration. Registrations issued according to this
568.2	chapter expire annually.
568.3	Subd. 2. Renewal. To be eligible for registration renewal, a registrant must
568.4	annually, or as determined by the board:
568.5	(1) complete a renewal application on a form provided by the board;
568.6	(2) submit applicable fees; and
568.7	(3) submit any additional information requested by the board to clarify information
568.8	presented in the renewal application. The information must be submitted within 30 days
568.9	after the board's request, or the renewal request is canceled.
568.10	Subd. 3. Change of address. A registrant who changes addresses must inform
568.11	the board within 30 days, in writing, of the change of address. Notices or other
568.12	correspondence mailed to or served on a registrant at the registrant's current address on
568.13	file shall be considered as having been received by the registrant.
568.14	Subd. 4. Registration renewal notice. At least 60 days before the registration
568.15	renewal date, the board shall send out a renewal notice to the last known address of the
568.16	registrant on file. The notice must include a renewal application and a notice of fees
568.17	required for renewal. It must also inform the registrant that registration will expire without
568.18	further action by the board if an application for registration renewal is not received before
568.19	the deadline for renewal. The registrant's failure to receive this notice shall not relieve the
568.20	registrant of the obligation to meet the deadline and other requirements for registration
568.21	renewal. Failure to receive this notice is not grounds for challenging expiration of
568.22	registered status.
568.23	Subd. 5. Renewal deadline. The renewal application and fee must be postmarked
568.24	on or before October 1 of the year of renewal or as determined by the board. If the
568.25	postmark is illegible, the application shall be considered timely if received by the third
568.26	working day after the deadline.
568.27	Subd. 6. Inactive status and return to active status. (a) A registration may be
568.28	placed in inactive status upon application to the board by the registrant and upon payment
568.29	of an inactive status fee.
568.30	(b) A registrant seeking restoration to active status from inactive status must pay
568.31	the current renewal fees and all unpaid back inactive fees. The registrant must meet
568.32	the criteria for renewal under subdivision 7 prior to submitting an application to regain
568.33	registered status. If the registrant has been in inactive status for more than five years, a
568.34	qualifying score on a competency exam is required.

570.8	registrants.
570.9	Sec. 37. [148.9882] GROUNDS FOR DISCIPLINARY ACTION.
570.10	Subdivision 1. Grounds listed. (a) The board may deny, revoke, suspend, limit, or
570.11	condition the registration of a registrant or registered massage and bodywork therapist, or
570.12	may otherwise discipline a registrant. The fact that massage and bodywork therapy may
570.13	be considered a less customary approach to health care shall not constitute the basis for
570.14	disciplinary action per se.
570.15	(b) The following are grounds for disciplinary action, regardless of whether injury
570.16	to a client is established:
570.17	(1) failing to demonstrate the qualifications or to satisfy the requirements for
570.18	registration contained in sections 148.982 to 148.9885, or rules of the board. In the case of
570.19	an applicant, the burden of proof is on the applicant to demonstrate the qualifications or
570.20	satisfy the requirements;
570.21	(2) advertising in a false, fraudulent, deceptive, or misleading manner, including,
570.22	but not limited to:
570.23	(i) advertising or holding oneself out as a "registered massage and bodywork
570.24	therapist" or any abbreviation or derivative thereof to indicate such a title, when such
570.25	registration is not valid or current for any reason;
570.26	(ii) advertising or holding oneself out as a "licensed massage and bodywork
570.27	therapist" or any abbreviation or derivative thereof to indicate such a title, unless the
570.28	registrant currently holds a valid state license in another state and provided that the state
570.29	is clearly identified;
570.30	(iii) advertising a service, the provision of which would constitute a violation of this
570.31	chapter or rules established by the board; and
570.32	(iv) using fraud, deceit, or misrepresentation when communicating with the general
570.33	public, health care providers, or other business professionals;

(3) falsifying information in a massage and bodywork therapy registration or renewal 571.1 571.2 application or attempting to obtain registration, registration renewal, or reinstatement by fraud, deception, or misrepresentation, or aiding and abetting any of these acts; 571.3 571.4 (4) engaging in conduct with a client that is sexual or may reasonably be interpreted by the client as sexual, or in any verbal behavior that is seductive or sexually demeaning 571.5 to a client, or engaging in sexual exploitation of a client, without regard to who initiates 571.6 such behaviors; 571.7 (5) committing an act of gross malpractice, negligence, or incompetency, or failing 571.8 to practice massage and bodywork therapy with the level of care, skill, and treatment 571.9 that is recognized by a reasonably prudent massage and bodywork therapist as being 571.10 acceptable under similar conditions and circumstances; 571.11 571.12 (6) having an actual or potential inability to practice massage and bodywork therapy with reasonable skill and safety to clients by reason of illness, as a result of any mental 571.13 or physical condition, or use of alcohol, drugs, chemicals, or any other material. Being 571.14 571.15 adjudicated as mentally incompetent, mentally ill, a chemically dependent person, or a person dangerous to the public by a court of competent jurisdiction, inside or outside 571.16 of this state, may be considered as evidence of an inability to practice massage and 571.17 bodywork therapy; 571.18 (7) being the subject of disciplinary action as a massage and bodywork therapist by 571.19 another state or jurisdiction where the board or advisory council determines that the cause 571.20 of the disciplinary action would be a violation under this state's statutes or rules of the 571.21 board if the violation had occurred in this state; 571.22 571.23 (8) failing to notify the board of revocation or suspension of a credential, or any 571.24 other disciplinary action taken by this or any other state, territory, or country, including any restrictions on the right to practice; or the surrender or voluntary termination of a 571.25 571.26 credential during a board investigation of a complaint, as part of a disciplinary order, or while under a disciplinary order; 571.27 (9) conviction of a crime, including a finding or verdict of guilt, an admission of 571.28 571.29 guilt, or a no-contest plea, in this state or elsewhere, reasonably related to engaging in massage and bodywork therapy practices. Conviction, as used in this clause, includes a 571.30 conviction of an offense that, if committed in this state, would be deemed a felony, gross 571.31 misdemeanor, or misdemeanor, without regard to its designation elsewhere, or a criminal 571.32 proceeding where a finding or verdict of guilt is made or returned but the adjudication 571.33 of guilt is either withheld or not entered; 571.34 (10) if a registrant is on probation, failing to abide by terms of that probation; 571.35
