16 (i) 20% of qualified elderly care expenses; or

17 (ii) 30% of qualified elderly care expenses, less 1% for each \$2,000 or fraction of \$2,000 by which the
18 adjusted gross income of the taxpayer for the taxable year exceeds \$25,000.

19 (6) The dollar amount of credit allowable under this section is:

20 (a) reduced by \$1 for each dollar of the adjusted gross income over \$50,000 for a taxpayer whose
21 adjusted gross income exceeds \$50,000;

22 (b) limited to \$5,000 per qualifying family member in a taxable year and to \$10,000 total for two or more

25 same qualified family member in a taxable year in the same proportion that their contributions bear to the total
26 qualified elderly care expenses paid by those taxpayers for that qualified family member.

27 (7) A deduction or credit is not allowed under any other provision of this chapter with respect to any
28 amount for which a credit is allowed under this section. The credit allowed under this section may not be claimed

11 business corporation, as defined in 15-30-3301, may receive a credit against taxes imposed by Title 15, chapter
12 30 or 31, for the costs of investments in depreciable property in Montana that is used primarily for crushing
13 oilseed crops for purposes of producing biodiesel or biolubricant.

14 (2) Subject to subsection (4), a taxpayer qualifying for a credit under this section is entitled to claim a
15 credit, as provided in subsection (3), for the costs described in subsection (1) incurred in the 2 tax years before
16 the facility begins crushing oilseed or in any tax year in which the facility is crushing oilseed.

17 (3) The total amount of credits for all years that may be claimed for a facility under this section is 15%
18 of the costs described in subsection (1), up to a total of \$500,000.

19 (4) The following requirements must also be met for a taxpayer to be entitled to a tax credit under this
20 section:

21 (a) The depreciable property for which the credit is claimed must begin to be used for the purposes
22 described in subsection (1) before January 1, 2015.

23 (b) (i) The taxpayer claiming a credit must be a person who as an owner, including a contract purchaser
24 or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that crushes
25 oilseed or that manufactures a product from crushed oilseed.

26 (ii) If more than one person has an interest in a business with qualifying property, they may allocate all
27 or any part of the investment cost among themselves and their successors or assigns.

28 (c) The business must be owned or leased during the tax year by the taxpayer claiming the credit, except
29 as otherwise provided in subsection (4)(b), and, except for the 2 tax-year period claimed in subsection (2), must
30 have been using the depreciable property for the purposes described in subsection (1) during the tax year for

1 which the credit is claimed and during each year for which the credit is carried forward.

2 (5) The credit provided by this section is not in lieu of any depreciation or amortization deduction for the
3 investment or other tax incentive to which the taxpayer otherwise may be entitled under Title 15.

4 (6) A tax credit allowable under this section that is not completely used by the taxpayer in the tax year
5 in which the credit is initially claimed may be carried forward for credit against a taxpayer's tax liability for any
6 succeeding tax year until the total amount of the credit has been deducted from tax liability. However, a credit may
7 not be carried forward to any tax year in which the facility in which the depreciable property is installed is not
8 crushing oilseed or beyond the 7th tax year after the tax year for which the credit was initially claimed. If a facility
9 in which property is installed and for which a credit is claimed ceases production of biodiesel or biolubricant for
10 a period of 12 continuous months within 5 years after the initial claiming of a credit under this section or within
11 5 years after a year in which the credit was carried forward, the credit is subject to recapture. The person claiming
12 the credit is liable for the total amount of the credit in the event of recapture.

13 (7) The taxpayer's adjusted basis for determining gain or loss may not be further decreased by any tax
14 credits allowed under this section.

15 (8) If the taxpayer is a shareholder of an electing small business corporation, the credit must be
16 computed using the shareholder's pro rata share of the corporation's cost of investing in equipment necessary
17 to crush oilseed or to manufacture a product from oilseed. In all other respects, the allowance and effect of the
18 tax credit apply to the corporation as otherwise provided by law.

19 (9) For the purposes of this section, "biolubricant" means a commercial or industrial product, other than
20 food or feed, that is composed in whole or in substantial part of biological products, renewable domestic
21 agricultural materials, including plant, animal, or marine materials, or forestry materials and that is used in place
22 of a petroleum-based lubricant.

23 (10) This tax credit is subject to termination on December 31, 2021, and every 8 years thereafter as
24 provided in [section 1]."

25

28 partnership, or small business corporation, as defined in 15-30-3301, may receive a credit against taxes imposed
29 by Title 15, chapter 30 or 31, for the costs of investments in depreciable property for constructing or equipping
30 a facility, or both, in Montana to be used for biodiesel or biolubricant production.

1 (2) Subject to subsection (4), a taxpayer qualifying for a credit under this section is entitled to claim a
2 credit, as provided in subsection (3), for the costs described in subsection (1) incurred in the 2 tax years before
3 the facility begins producing biodiesel or biolubricant or in any tax year in which the facility is producing biodiesel
4 or biolubricant.

5 (3) The total amount of the credits for all years that may be claimed for a facility under this section is 15%
6 of the costs described in subsection (1).

7 (4) The following requirements must also be met for a taxpayer to be entitled to a tax credit under this
8 section:

9 (a) The depreciable property for which the credit is claimed must begin operating before January 1, 2015.

10 (b) (i) The taxpayer claiming a credit must be a person who as an owner, including a contract purchaser
11 or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that
12 manufactures biodiesel or biolubricant.

13 (ii) If more than one person has an interest in a business with qualifying property, they may allocate all
14 or any part of the investment cost among themselves and their successors or assigns.

15 (c) The business must be owned or leased during the tax year by the taxpayer claiming the credit, except
16 as otherwise provided in subsection (4)(b), and, except for the 2 tax-year period claimed in subsection (2), must
17 have been producing biodiesel or biolubricant during the tax year for which the credit is claimed and during each
18 year in which the credit is carried forward.

19 (5) The credit provided by this section is not in lieu of any depreciation or amortization deduction for the
20 investment or other tax incentive to which the taxpayer otherwise may be entitled under Title 15.

21 (6) A tax credit allowable under this section that is not completely used by the taxpayer in the tax year
22 in which the credit was initially taken may be carried forward for credit against a taxpayer's tax liability for any
23 succeeding tax year until the total amount of the credit has been deducted from tax liability. However, a credit may
24 not be carried forward to any tax year in which the facility in which the depreciable property is installed is not
25 producing biodiesel or biolubricant or beyond the 7th tax year after the tax year for which the credit was initially
26 claimed. If a facility for which a credit is claimed ceases production of biodiesel or biolubricant for a period of 12
27 continuous months within 5 years after the initial claiming of a credit under this section or within 5 years after a
28 year in which the credit was carried forward, the credit is subject to recapture. The person claiming the credit is
29 liable for the total amount of the credit in the event of recapture.

30 (7) The taxpayer's adjusted basis for determining gain or loss may not be further decreased by any tax

1 credits allowed under this section.

2 (8) If the taxpayer is a shareholder of an electing small business corporation, the credit must be
3 computed using the shareholder's pro rata share of the corporation's cost of investing in the biodiesel or
4 biolubricant production facility. In all other respects, the allowance and effect of the tax credit apply to the
5 corporation as otherwise provided by law.

6 (9) As used in this section, the following definitions apply:

7 (a) "Biodiesel" has the meaning provided in 15-70-301.

8 (b) "Biolubricant" has the meaning provided in 15-32-701(9).

16 used for storing or blending biodiesel with petroleum diesel for sale.

17 (2) Subject to subsection (4), a special fuel distributor or an owner or operator of a motor fuel outlet
18 qualifying for a credit under this section is entitled to claim a credit, as provided in subsection (3), for the costs
19 described in subsection (1) incurred in the 2 tax years before the taxpayer begins blending biodiesel fuel for sale
20 or in any tax year in which the taxpayer is blending biodiesel fuel for sale.

21 (3) (a) The total amount of the credits for all years that may be claimed by a distributor under this section
22 is 15% of the costs described in subsection (1), up to a total of \$52,500.

24 fuel outlet under this section is 15% of the costs described in subsection (1), up to a total of \$7,500.

25 (4) The following requirements must also be met for a taxpayer to be entitled to a tax credit under this
26 section:

27 (a) The investment must be for depreciable property used primarily to blend petroleum diesel with
28 biodiesel made entirely from Montana-produced feedstocks.

29 (b) Sales of biodiesel must be at least 2% of the taxpayer's total diesel sales by the end of the third year
30 following the initial tax year in which the credit is initially claimed.

1 (c) (i) The taxpayer claiming a credit must be a person who as an owner, including a contract purchaser
2 or lessee, or who pursuant to an agreement owns, leases, or has a beneficial interest in a business that blends
3 biodiesel.

4 (ii) If more than one person has an interest in a business with qualifying property, they may allocate all
5 or any part of the investment cost among themselves and their successors or assigns.

6 (d) The business must be owned or leased during the tax year by the taxpayer claiming the credit, except
7 as otherwise provided in subsection (4)(c), and, except for the 2 tax-year period claimed in subsection (2), must
8 have been blending biodiesel during the tax year for which the credit is claimed.

9 (5) The credit provided by this section is not in lieu of any depreciation or amortization deduction for the
10 investment or other tax incentive to which the taxpayer otherwise may be entitled under Title 15.

11 (6) A tax credit allowable under this section that is not completely used by the taxpayer in the tax year
12 in which the credit is initially claimed may be carried forward for credit against the taxpayer's tax liability for any

14 not be carried forward to any tax year in which the facility is not blending biodiesel or storing biodiesel for blending
15 or beyond the 7th tax year after the tax year for which the credit was initially claimed. If a facility for which a credit
16 is claimed ceases blending of biodiesel with petroleum diesel for sale for a period of 12 continuous months within
17 5 years after the initial claiming of a credit under this section or within 5 years after a year in which the credit was
18 carried forward or if the taxpayer claiming the credit fails to satisfy the conditions of subsection (4)(b), the total
19 credit is subject to recapture. The person claiming the credit is liable for the total amount of the credit in the event
20 of recapture.

21 (7) The taxpayer's adjusted basis for determining gain or loss may not be further decreased by any tax
22 credits allowed under this section.

23 (8) If the taxpayer is a shareholder of an electing small business corporation, the credit must be
24 computed using the shareholder's pro rata share of the corporation's cost of investing in the biodiesel blending
25 facility. In all other respects, the allowance and effect of the tax credit apply to the corporation as otherwise
26 provided by law.

27 (9) As used in this section, "biodiesel" has the meaning provided in 15-70-301.
