The county board ~~of elections~~ is responsible for the safekeeping of the pollbook of absentee voters.

- (7) Upon completion of the counting process the county board members shall cause the results of the tally to be entered on the absentee abstract prescribed by the State Board. - (11) ~~The county board of elections shall meet after election day and prior to the date of canvass to determine whether the container return envelopes for absentee ballots received on election day pursuant to G.S. 163-231(b) have been properly executed. The county board of elections shall comply with the requirements of G.S. 163-230.1 for approval of applications. "(8) General Services:

...

i. To establish and operate a central motor fleet and such subsidiary related facilities as the Secretary may deem necessary, and to that end:

...

7a. To adopt with the approval of the Governor and to enforce rules and to coordinate State policy regarding (i) the permanent assignment of state-owned passenger motor vehicles and (ii) the use of and reimbursement for those vehicles for the limited commuting permitted by this subdivision. For the purpose of this subdivision 7a., "state-owned passenger motor vehicle" includes any state-owned passenger motor vehicle, whether or not owned, maintained or controlled by the Department of Administration, and regardless of the source of the funds used to purchase it. Notwithstanding the provisions of ~~G.S. 20-190~~ G.S. 143B-1720 or any other provisions of law, all state-owned passenger motor vehicles are subject to the provisions of this subdivision 7a.; no permanent assignment shall be made and no one shall be exempt from payment of reimbursement for commuting or from the other provisions of this subdivision 7a. except as provided by this subdivision 7a. Commuting, as defined and regulated by this subdivision, is limited to those specific cases in which the Secretary has received and accepted written justification, verified by historical data. The Department shall not assign any state-owned motor vehicle that may be used for commuting other than those authorized by the procedure prescribed in this subdivision.

A State-owned passenger motor vehicle shall not be permanently assigned to an individual who is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless (i) the individual's duties are routinely related to public safety or (ii) the individual's duties are likely to expose the individual routinely to life-threatening situations. A State-owned passenger motor vehicle shall also not be permanently assigned to an agency that is likely to drive it on official business at a rate of less than 3,150 miles per quarter unless the agency can justify to the Division of Motor Fleet Management the need for permanent assignment because of the unique use of the vehicle. Each agency, other than the Department of Transportation, that has a vehicle assigned to it or has an employee to whom a vehicle is assigned shall submit a quarterly report to the Division of Motor Fleet Management on the miles driven during the quarter by the assigned vehicle. The Division of Motor Fleet Management shall review the report to verify that each motor vehicle has been driven at the minimum allowable rate. If it has not and if the department by whom the individual to which the car is assigned is employed or the agency to which the car is assigned cannot justify the

lower mileage for the quarter, the permanent assignment shall be revoked immediately. The Department of Transportation shall submit an annual report to the Division of Motor Fleet Management on the miles driven during the year by vehicles assigned to the Department or to employees of the Department. If a vehicle included in this report has not been driven at least 12,600 miles during the year, the Department of Transportation shall review the reasons for the lower mileage and decide whether to terminate the assignment. The Division of Motor Fleet Management may not revoke the assignment of a vehicle to the Department of Transportation or an employee of that Department for failure to meet the minimum mileage requirement unless the Department of Transportation consents to the revocation.

Every individual who uses a State-owned passenger motor vehicle, pickup truck, or van to drive between the individual's official work station and his or her home, shall reimburse the State for these trips at a rate computed by the Department. This rate shall be derived from a method that approximates the benefit derived from the use of the vehicle as prescribed by federal law, which may include the lease value rule described in Publication 15-B of the Internal Revenue Service. Reimbursement for a member of the Council of State shall be for the actual number of days the member uses the vehicle to commute during the month. Reimbursement for any other individual shall be for 20 days per month regardless of how many days the individual uses the vehicle to commute during the month. Reimbursement shall be made by payroll deduction. Funds derived from reimbursement on vehicles owned by the Motor Fleet Management Division shall be deposited to the credit of the Division; funds derived from reimbursements on vehicles initially purchased with appropriations from the Highway Fund and not owned by the Division shall be deposited in a Special Depository Account in the Department of Transportation, which shall revert to the Highway Fund; funds derived from reimbursement on all other vehicles shall be deposited in a Special Depository Account in the Department of Administration which shall revert to the General Fund. Commuting, for purposes of this sub-sub-subdivision, does not include those individuals whose office is in their home, as determined by the Department of Administration, Division of Motor Fleet Management. Also, this sub-sub-subdivision does not apply to the following vehicles: (i) clearly marked police and fire vehicles, (ii) delivery trucks with seating only for the driver, (iii) flatbed trucks, (iv) cargo carriers with over a 14,000 pound capacity, (v) school and passenger buses with over 20 person capacities, (vi) ambulances, (vii) [Repealed]. (viii) bucket trucks, (ix) cranes and derricks, (x) forklifts, (xi) cement mixers, (xii) dump trucks, (xiii) garbage trucks, (xiv) specialized utility repair trucks (except vans and pickup trucks), (xv) tractors,

(xvi) unmarked law-enforcement vehicles that are used in undercover work and are operated by full-time, fully sworn law-enforcement officers whose primary duties include carrying a firearm, executing search warrants, and making arrests, and (xvii) any other vehicle exempted under Section 274(d) of the Internal Revenue Code of 1954, and Federal Internal Revenue Service regulations based thereon. The Department of Administration, Division of Motor Fleet Management, shall report quarterly to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division of the Legislative Services Office on individuals who use State-owned passenger motor vehicles, pickup trucks, or vans between their official work stations and their homes, who are not required to reimburse the State for these trips.

The Department of Administration shall revoke the assignment or require the Department owning the vehicle to revoke the assignment of a State-owned passenger motor vehicle, pickup truck or van to any individual who:

- I. Uses the vehicle for other than official business except in accordance with the commuting rules;
- II. Fails to supply required reports to the Department of Administration, or supplies incomplete reports, or supplies reports in a form unacceptable to the Department of Administration and does not cure the deficiency within 30 days of receiving a request to do so;
- III. Knowingly and willfully supplies false information to the Department of Administration on applications for permanent assignments, commuting reimbursement forms, or other required reports or forms;
- IV. Does not personally sign all reports on forms submitted for vehicles permanently assigned to him or her and does not cure the deficiency within 30 days of receiving a request to do so;
- V. Abuses the vehicle; or
- VI. Violates other rules or policy promulgated by the Department of Administration not in conflict with this act.

A new requisition shall not be honored until the Secretary of the Department of Administration is assured that the violation for which a vehicle was previously revoked will not recur.

The Department of Administration, with the approval of the Governor, may delegate, or conditionally delegate, to the respective heads of agencies which own passenger motor vehicles or to which passenger motor vehicles are permanently assigned by the Department, the duty of enforcing all or part of the rules adopted by the Department of Administration pursuant to this subdivision 7a. The Department of

Administration, with the approval of the Governor, may revoke this delegation of authority.

Notwithstanding the provisions of this section and G.S. 14-247, the Department of Administration may allow the organization sanctioned by the Governor's Council on Physical Fitness to conduct the North Carolina State Games to use State trucks and vans for the State Games of North Carolina. The Department of Administration shall not charge any fees for the use of the vehicles for the State Games. The State shall incur no liability for any damages resulting from the use of vehicles under this provision. The organization that conducts the State Games shall carry liability insurance of not less than one million dollars (\$1,000,000) covering such vehicles while in its use and shall be responsible for the full cost of repairs to these vehicles if they are damaged while used for the State Games.
