Introduced by

Energy and Natural Resources Committee

(At the request of the State Engineer)

1 A BILL for an Act to create and enact a new subsection to section 61-04-01.1 of the North  
2 Dakota Century Code, relating to the definition of domestic rural use; and to amend and reenact  
3 sections 61-04-06.2, 61-04-09, 61-04-31, and subdivision i of subsection 2 of section  
4 61-04.1-16 of the North Dakota Century Code, relating to the term and inspection of a water  
5 permit, reservation of waters, and weather modification permits.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1.** A new subsection to section 61-04-01.1 of the North Dakota Century Code is  
8 created and enacted as follows:

9 "Domestic rural use" means two or more family units or households obtaining water  
10 from the same system for personal needs and for household purposes, including  
11 heating, drinking, washing, sanitary, and culinary uses; irrigation of land not exceeding  
12 five acres [2.0 hectares] in area for each family unit or household for noncommercial  
13 gardens, orchards, lawns, trees, or shrubbery; and for household pets and domestic  
14 animals kept for household sustenance and not for sale or commercial use.

15 **SECTION 2. AMENDMENT.** Section 61-04-06.2 of the North Dakota Century Code is  
16 amended and reenacted as follows:

17 **61-04-06.2. Terms of permit.**

18 The state engineer may issue a conditional permit for less than the amount of water  
19 requested, ~~but in no case may.~~ Except for water permits for incorporated municipalities or rural  
20 water systems, the state engineer may not issue a permit for more water than can be  
21 beneficially used for the purposes stated in the application ~~except that water.~~ Water permits for  
22 incorporated municipalities or rural water systems may contain water in excess of present  
23 needs if based upon ~~reasonable projections of~~ what may reasonably be necessary for the future  
24 water needs requirements of the municipality or the rural water system. The state engineer may

1 require modification of the plans and specifications for the appropriation. The state engineer  
2 may issue a permit subject to fees for water use, ~~terms, and~~ and conditions, ~~restrictions, limitations,~~  
3 ~~and termination dates~~ the state engineer considers necessary to protect the rights of others and  
4 the public interest. Conditions ~~and limitations so attached~~ must be related to matters within the  
5 state engineer's jurisdiction ~~of the state engineer; provided, however, that all.~~ All conditions  
6 attached to any permit issued ~~prior to~~ before July 1, 1975, are binding upon the permittee.
