16 health of state forestlands, the viability of state forestlands as a public resource, the well-
17 being of fish and wildlife and the health and safety of persons on state forestlands through
18 the establishment of reasonable health and safety standards to mitigate the adverse effects
19 of large commercial events held on state forestlands.

21 on state forestland unless the organizer holds a large commercial event permit issued by the

26 or the ability and willingness to comply with, applicable health and safety standards govern-

4 a large commercial event permit. The fee may not exceed an amount reasonably calculated
5 to reimburse the department for its reasonable and necessary costs in receiving, processing

7 is withdrawn prior to any review of the application by the department.

15 safety standards for large commercial events held on state forestlands. The department shall
16 consult with the Oregon Health Authority and the Department of Environmental Quality
17 prior to establishing health and safety standards under this section. The State Forestry De-
18 partment shall design the standards to protect the health of state forestlands, the viability
19 of state forestlands as a public resource, the well-being of fish and wildlife and the health

21 but need not be limited to:
