SHB 1562 - S COMM AMD By Committee on Law & Justice

1 Strike everything after the enacting clause and insert the 2 following:

3 "NEW SECTION. Sec. 1. (1) The legislature finds that gun violence is a multifaceted public health problem that includes 4 suicide, homicide, intimate partner violence, community violence, 5 6 mass violence, nonfatal gunshot injuries and threats, with community violence and mass violence often committed by those with a history of 7 domestic violence. National data indicates that in 8 approximately 20,996 Americans died by firearm homicide and that 81 9 percent of all homicides are committed with a firearm. According to 10 11 United States centers for disease control and prevention data, gun 12 homicide disproportionately impacts people of color, especially Black 13 males ages 15 to 34, who are 20 times more likely to die by gun 14 violence than white males in the same age group. Black, Indigenous, 15 and Latinx women are at higher risk for intimate partner violence-16 related homicide, and disparities in homicide rates are especially 17 pronounced among women between 18 and 29 years of age. Nearly 60 18 percent of intimate partner violence-related homicides involve 19 firearms.

(2) When perpetrators of intimate partner violence, including physical violence, sexual abuse, stalking, and psychological aggression of a current or former intimate partner, have access to firearms, women are especially at risk of serious or deadly harm. When an abusive partner or former partner owns or has access to a firearm, the likelihood of intimate partner homicide increases by a factor of five. Women in the United States are 21 times more likely to be killed with a gun than women in other high-income countries. There are about 4,500,000 women in America who have been threatened with a gun and nearly 1,000,000 women who have been shot or shot at by an intimate partner. Perpetrators of intimate partner violence who

- 1 have access to firearms also use them to coerce, control, and 2 intimidate their partners.
- (3) Many who seek protection from harm through the civil legal 3 system, and obtain a protection order and an order to surrender and 4 prohibit weapons, may not wish to engage the criminal legal system or 5 6 to have the threat or violence they have experienced be prosecuted. According to the national intimate partner and sexual violence 7 survey, more than one in two non-Hispanic Black women, American 8 Indian, or Alaskan Native women, three in five multiracial non-9 Hispanic women, and two in five Hispanic women have been a victim of 10 11 physical violence, rape, and/or stalking by a partner in their 12 lifetime. But they are far less likely to report the crimes, due to distrust of the criminal legal system, intergenerational trauma, fear 13 of police interaction, and concern about over incarceration. For 14 many, the threat of violence continues over a long period of time, 15 16 making it critical that access to firearms is appropriately limited 17 when there are ongoing indicators of risk as reflected by a protection order, an order to surrender and prohibit weapons, or 18 violations of these orders. 19
- (4) An extensive body of research has identified specific risk 20 factors that increase the likelihood of individuals engaging in 21 future violence, including gun violence, and presenting further risk 22 to public safety. The strongest predictor of future violence is prior 23 violent behavior, including perpetration of domestic violence and 24 25 violent misdemeanors. Other particularly strong risk factors for future violence include recent violation of a domestic violence 26 protection order or other protection order; frequent risky alcohol 27 use or certain types of controlled substance use; and cruelty to 28 animals. Unlawful or reckless use, display, or brandishing of a 29 firearm and recent acquisition of firearms, ammunition, or other 30 31 deadly weapons are also risk factors for future violence, as is 32 access to firearms in general. Multiple research studies have also shown that easy access to firearms by the general public increases 33 risk of death by both homicide and suicide. Individuals returning 34 from incarceration are a vulnerable population for whom these risks 35 may be compounded. Furthermore, homicide and suicide (by any means) 36 are leading causes of death for returning residents after they are 37 from prison, especially soon after release. Research 38 39 provides important guidance regarding events that should result in 40 temporary prohibition of firearm rights so that the laws regarding 2

- firearm possession and the restoration of firearm rights are grounded in risk assessment data to help protect public health and safety while upholding individual liberty. These changes are not intended to punish, but to provide a regulatory framework to help ensure the safety of those with a heightened risk of experiencing gun violence.
- (5) The laws requiring certain individuals who are subject to protection orders, no-contact orders, or restraining orders to immediately relinquish dangerous weapons and concealed pistol licenses, and be prohibited from possessing or purchasing firearms, have been strengthened in recent years to help better address the risks that access to firearms by those individuals poses for survivors and their children. The legislature finds that similarly strengthening the laws regarding unlawful possession and restoration of firearm rights will protect these survivors, and their families and communities, from added risk of harm, and include their personal knowledge regarding possible violations of firearm prohibitions in the restoration petition process.
 - (6) The legislature also finds it would be helpful to refine statutory language that was at issue in the Washington state supreme court's decision in *State v. Dennis*, 191 Wn.2d 169 (2018). In that decision, the court held that absent more specific language in RCW 9.41.040 regarding the five-year waiting period before a person may petition to have the person's firearm rights restored, the requisite waiting period may include any conviction-free period of five or more consecutive years, even if a person had been convicted of a new crime within the five years immediately preceding the person's filing of a petition for restoration of firearm rights. The legislature intends to clarify that a person may not petition to have the person's firearm rights restored if the person has been convicted of a new prohibiting crime within the specified number of consecutive years immediately preceding the person's filing of a petition.
- 32 (7) The legislature also finds that it is important to recognize 33 and remove barriers for individuals who have demonstrated that they 34 have safely reintegrated into their communities.
- **Sec. 2.** RCW 9.41.010 and 2022 c 105 s 2 and 2022 c 104 s 2 are 36 each reenacted and amended to read as follows:

- References in the grid to days or weeks mean periods of 14 NOTE: 15 confinement. "LS" means "local sanctions" as defined RCW 13.40.020. 16
- 17 The vertical axis of the grid is (1)the current category. The current offense category is determined by the offense 18 19 of adjudication.
 - (2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.
 - (3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.
 - (4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.
- (5) A current offense that is a violation is equivalent to an 31 offense category of E. However, a disposition for a violation shall not include confinement.

- 21 **Sec. 9.** RCW 13.40.160 and 2022 c 268 s 38 are each amended to 22 read as follows:

The additional time must be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357 and must be served consecutively with any other sentencing enhancement.
