15 (2) The department of social and health services shall not initiate 16 any services that require expenditure of state general fund moneys 17 unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, 18 federal moneys not anticipated in this act as long as the federal 19 20 funding does not require expenditure of state moneys for the program in 21 excess of amounts anticipated in this act. If the department receives 22 unanticipated unrestricted federal moneys, those moneys shall be spent 23 for services authorized in this act or in any other legislation 24 providing appropriation authority, and an equal amount of appropriated 25 state general fund moneys shall lapse. Upon the lapsing of any moneys 26 under this subsection, the office of financial management shall notify 27 the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds 28 29 that federal law does not require to be spent on specifically defined 30 projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the

department may combine and transfer such medicaid funds appropriated 1 2 under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program 3 4 enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 5 б 2013-2015 fiscal biennium. The amount of funding assigned from each 7 program may not exceed the average per capita cost assumed in this act 8 for individuals covered by that program, actuarially adjusted for the 9 health condition of persons enrolled, times the number of clients 10 enrolled. In implementing the WMIP and the MICP, the health care 11 authority and the department may: (i) Withhold from calculations of 12 "available resources" as set forth in RCW 71.24.025 a sum equal to the 13 capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health 14 15 care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and 16 17 medicare programs.

18 (b) If Washington has been selected to participate in phase two of 19 the federal demonstration project for persons dually-eligible for both 20 medicare and medicaid, the department and the authority may initiate 21 the MICP. Participation in the project shall be limited to persons who 22 are eligible for both medicare and medicaid and to counties in which 23 the county legislative authority has agreed to the terms and conditions 24 under which it will operate. The purpose of the project shall be to 25 demonstrate and evaluate ways to improve care while reducing state 26 expenditures for persons enrolled both in medicare and medicaid. То 27 that end, prior to initiating the project, the department and the 28 authority shall assure that state expenditures shall be no greater on 29 either a per person or total basis than the state would otherwise 30 Individuals who are solely eligible for medicaid may also incur. participate if their participation is agreed to by the health care 31 32 authority, the department, and the county legislative authority.

legislature finds that medicaid payment rates, 33 (4) The as calculated by the department pursuant to the appropriations in this 34 35 act, bear a reasonable relationship to the costs incurred by 36 efficiently and economically operated facilities for providing quality 37 services and will be sufficient to enlist enough providers so that care 38 and services are available to the extent that such care and services

1 are available to the general population in the geographic area. The 2 legislature finds that cost reports, payment data from the federal 3 government, historical utilization, economic data, and clinical input 4 constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the 5 6 same system for delivery of spoken-language interpreter services for 7 social services appointments as the one established for medical 8 appointments in section 213 of this act. When contracting directly 9 with an individual to deliver spoken language interpreter services, the 10 department shall only contract with language access providers who are 11 working at a location in the state and who are state-certified or 12 state-authorized, except that when such a provider is not available, 13 the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including 14 15 interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid 16 17 expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the 18 19 department shall coordinate with the health care authority to provide 20 referrals to the Washington health benefit exchange for clients that 21 will be ineligible for the medicaid expansion but are enrolled in 22 coverage that will be eliminated in the transition to the medicaid 23 expansion.

24 (7)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the 25 26 amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer 27 general fund--state appropriations for fiscal year 2014 among programs 28 after approval by the director of financial management. However, the 29 department may not transfer state moneys that are provided solely for 30 a specified purpose except as expressly provided in (b) of this 31 32 subsection.

33 (b) To the extent that transfers under (a) of this subsection are 34 insufficient to fund actual expenditures in excess of fiscal year 2014 35 caseload forecasts and utilization assumptions in the long-term care, 36 foster care, adoptions support, medicaid personal care, and child 37 support programs, the department may transfer state moneys that are 38 provided solely for a specified purpose. The department may not

transfer funds, and the director of financial management may not 1 approve the transfer, unless the transfer is consistent with the 2 objective of conserving, to the maximum extent possible, the 3 expenditure of state funds. The director of financial management may 4 notify the appropriate fiscal committees of the senate and house of 5 representatives in writing seven days prior to approving any allotment б modifications or transfers under this subsection. The written 7 notification must include a narrative explanation and justification of 8 the changes, along with expenditures and allotments by budget unit and 9 appropriation, both before and after any allotment modifications or 10 transfers. 11

This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,343,000 reduction in fiscal year 2014 and \$11,723,000 of 8 9 the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional 10 11 support networks proportion of individuals who become newly eligible 12 and enroll in medicaid under the expansion provisions of the affordable 13 care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding on services that would be 14 reimbursable for federal medicaid matching funds if provided to 15 16 medicaid enrollees in the 2011-2013 fiscal biennium.

(ii) The remaining \$11,723,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

22 (b) \$6,590,000 of the general fund--state appropriation for fiscal 23 year 2014, \$6,590,000 of the general fund--state appropriation for 24 fiscal year 2015, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional 25 26 support networks to continue to contract for implementation of high-27 intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided 28 to regional support networks with PACT teams, the department shall 29 consider the differences between regional support networks in the 30 percentages of services and other costs associated with the teams that 31 are not reimbursable under medicaid. The department may allow regional 32 support networks which have nonmedicaid reimbursable costs that are 33 higher than the nonmedicaid allocation they receive under this section 34 35 to supplement these funds with local dollars or funds received under 36 section 204(1)(a) of this act. The department and regional support 37 networks shall maintain consistency with all essential elements of the

PACT evidence-based practice model in programs funded under this
 section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal 3 4 year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal 5 appropriation are provided solely for the western Washington regional б 7 support networks to provide either community- or hospital campus-based 8 services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state 9 10 hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

24 (g) \$750,000 of the general fund--state appropriation for fiscal year 2014 and \$750,000 of the general fund--state appropriation for 25 26 fiscal year 2015 are provided solely to continue performance-based 27 incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the 28 29 state hospitals as part of the expanding community services initiative. 30 These funds will be used to enhance community residential and support services provided by regional support networks through other state and 31 federal funding. 32

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include: (i) High intensity treatment team for persons who are high
 utilizers of psychiatric inpatient services, including those with co occurring disorders and other special needs;

4 (ii) Crisis outreach and diversion services to stabilize in the
5 community individuals in crisis who are at risk of requiring inpatient
6 care or jail services;

7 (iii) Mental health services provided in nursing facilities to 8 individuals with dementia, and consultation to facility staff treating 9 those individuals; and

10 (iv) Services at the sixteen-bed evaluation and treatment facility.
11 At least annually, the Spokane regional support network shall assess
12 the effectiveness of these services in reducing utilization at eastern
13 state hospital, identify services that are not optimally effective, and
14 modify those services to improve their effectiveness.

(i) \$1,529,000 of the general fund--state appropriation for fiscal year 2014 and \$1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn 20 21 additional federal medicaid match, provided the locally matched rate 22 does not exceed the upper-bound of their federally allowable rate 23 range, and provided that the enhanced funding is used only to provide 24 medicaid state plan or waiver services to medicaid clients. 25 Additionally, regional support networks may use a portion of the state 26 funds allocated in accordance with (a) of this subsection to earn 27 additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of 28 29 crisis and commitment, community inpatient, residential care, and 30 outpatient services presently available to persons not eligible for medicaid. 31

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(1) \$523,000 of the general fund--state appropriation for fiscal 1 2 year 2014, \$775,000 of the general fund--state appropriation for fiscal year 2015, and \$854,000 of the general fund--federal appropriation are 3 provided solely for implementation of sections 3 through 5 of chapter 4 5 289, Laws of 2013 (E2SHB 1114). Regional support networks must use this funding for the development of intensive community programs that 6 allow individuals to be diverted or transitioned from the state 7 8 hospitals in accordance with plans approved by the department.

(m) \$5,986,000 of the general fund--state appropriation for fiscal 9 10 year 2014, \$11,592,000 of the general fund--state appropriation for fiscal year 2015, and \$10,160,000 of the general fund--federal 11 12 appropriation are provided solely for implementation of chapter 335, 13 Laws of 2013 (ESSB 5480). Regional support networks must use this 14 funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in 15 accordance with plans approved by the department. 16

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

23 (o) The legislature finds that the circumstances of the Chelan-24 Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services 25 26 essential to the health and wellness of the citizens within its service 27 area. The legislature intends to provide additional temporary 28 financial relief to the CD-RSN while it undergoes internal 29 restructuring or negotiates a merger with another regional support 30 network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN for overuse of state hospital beds. To receive a reduction to the required

reimbursement for overuse of state hospital beds, CD-RSN must continue 1 2 to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to 3 maintain financial viability or pursuing a future merger with another 4 5 regional support network. Up to \$298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide б 7 payments to regional support networks in eastern Washington which have 8 used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-9 10 RSN that the regional support networks would have received under RCW 11 71.24.320.

(p) \$266,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

1 waiver. If a necessary waiver is not approved, the medicaid expansion 2 program shall be terminated upon appropriate notification to the 3 legislature and enrollees.

4 (2) The requirements of this subsection apply to the basic health

6 implementation of the medicaid expansion under subsection (1) of this
7 section.

(a) Within amounts appropriated in this section and sections 205 8 and 206 of this act, the health care authority shall continue to 9 provide an enhanced basic health plan subsidy for foster parents 10 11 licensed under chapter 74.15 RCW and workers in state-funded home care 12 programs. Under this enhanced subsidy option, foster parents eligible 13 to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal 14 15 poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below 16 sixty-five percent of the federal poverty level. 17

8 (e) To expedite cleanups throughout the state, the department may 9 use the following strategies when providing grants to local governments 10 under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

16 (A) The initial duration of such an agreement may not exceed ten 17 years. The department may extend the duration of such an agreement 18 upon finding substantial progress has been made on remedial actions at 19 the facility;

(B) Extended grant agreements may not exceed fifty percent of the

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

36 (iv) Provide integrated planning grants to local governments to 37 fund studies necessary to facilitate remedial actions at brownfield 38 properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

12 (vi) The director may alter grant matching requirements to create 13 incentives for local governments to expedite cleanups when one of the 14 following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardshipimposed by the clean-up liability;

(B) Funding would create new substantial economic development,
public recreational opportunities, or habitat restoration opportunities
that would not otherwise occur; or

(vii) When pending grant applications under (c)[(e)](iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

However, 5 this subsection does not prevent an appropriation from the state toxics 6 control account to the department of revenue to enforce compliance with 7 the hazardous substance tax imposed in chapter 82.21 RCW.

8 (7) Except during the 2011-2013 fiscal biennium, one percent of the 9 moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a 10 11 release or threatened release of a hazardous substance and to not-for-12 profit public interest organizations. The primary purpose of these 13 grants is to facilitate the participation by persons and organizations 14 in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and 15 hazardous waste management priorities. No grant may exceed sixty 16 thousand dollars. Grants may be renewed annually. Moneys appropriated 17 18 for public participation that are not expended at the close of any 19 biennium revert to the state toxics control account.

20 (8) The department shall adopt rules for grant or loan issuance and 21 performance. To accelerate both remedial action and economic recovery, 22 the department may expedite the adoption of rules necessary to 23 implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award 24 of financial assistance by August 1, 2013. To ensure the adoption of 25 26 rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive 27 28 guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects [affects] the ability of a potentially liable person to receive public funding.

33 (10) During the 2013-2015 fiscal biennium the local toxics control 34 account may also be used for the centennial clean water program and for 35 storm water grants.

36 **Sec. 908.** RCW 77.36.170 and 2013 c 329 s 2 are each amended to 37 read as follows: (1) The department may pay no more than fifty thousand dollars per
 fiscal year from the state wildlife account created in RCW 77.12.170
 for claims and assessment costs for injury or loss of livestock caused

5 (2) Notwithstanding other provisions of this chapter, the 6 department may also accept and expend money from other sources to 7 address injury or loss of livestock or other property caused by wolves 8 consistent with the requirements on that source of funding.

9 (3) If any wildlife account expenditures authorized under 10 subsections (1) and (4) of this section are unspent as of June 30th of 11 a fiscal year, the state treasurer shall transfer the unspent amount to 12 the wolf-livestock conflict account created in RCW 77.36.180.
